

Journal of Limnology

(formerly *Memorie* dell'Istituto Italiano di Idrobiologia)

Scope of the Journal and Editorial Policy

The aim of the journal is to publish peer-reviewed original papers, review papers and notes in the field of limnology, including hydrochemistry, lake physics, methodology, taxonomy, all aspects of ecology, bio-geography and pollution. Both applied and theoretical papers are equally encouraged. Proceedings of workshops, specialized symposia, conferences, etc., may also be accepted for publication if the scientific standard of international relevance set by the journal is fulfilled. The language of the Journal is English. Occasional supplementary issues will also be published in Italian to maintain the traditional link with Italian science.

Each year volume comprises two issues published on February and on August, plus occasional monographic supplement issues.

The annual subscription rate is € 120.00 (ordinary class postage included). Price for single back issue is € 50.00.

For further information on subscription terms, rates, modes of payment and shipping, etc. please contact the Publisher.
