

The Journal of Adhesive Dentistry is a quarterly journal that publishes scientifically sound articles of interest to practitioners and researchers in the field of adhesion to hard and soft dental tissues. The Journal publishes several types of peer-reviewed original articles:

1. **Clinical and basic science research reports** – based on original research in adhesive dentistry and related topics.
2. **Review articles** – to topics related to adhesive dentistry.
- 3a. **Invited focus articles** – presenting a position or hypothesis on a basic science or clinical subject of relevance related topics. These articles are not intended for the presentation of original results, and the authors of the articles are selected by the Editorial Board.
- 3b. **Invited commentaries** – critiquing a focus article by addressing the strong and weak points of the focus article are selected by the Editorial Board in consultation with the focus article author, and the focus article and the commentaries on it are published in sequence in a same issue of the Journal.
4. **Invited guest editorials** – may periodically be solicited by the Editorial Board.
5. **Proceedings of symposia, workshops, or conferences** – covering topics of relevance to adhesive dentistry related topics.
6. **Letters to the Editor** – may be submitted to the editor-in-chief; these should normally be no more than 500 words in length.

SUBMISSION INSTRUCTIONS

Submission of manuscripts in order of preference:

1. Submission via online submission service (www.manuscriptmanager.com/jadd). Manuscript texts should be uploaded as PC-word files with tables and figures preferably embedded within the PC-word document. A broad range of file formats are acceptable. No paper version required but high resolution photographs or illustrations should be sent to the editorial office (see below). Online submissions are automatically uploaded into the editorial office's reviewer assignment schedule and are therefore processed immediately upon upload.
2. Submission via e-mail as a PC-word document (richter@quintessenz.de). Illustrations can be attached in any format that can be opened using Adobe Photoshop, (TIF, GIF, JPG, PSD, EPS etc.) or as Microsoft PowerPoint Documents (ppt). No paper version required but high resolution photographs or illustrations should be sent to the editorial office.
3. One paper copy of the manuscript plus a floppy diskette or CD-ROM (mandatory) containing a PC-word file of the manuscript text, tables and legends. Figures should be included on the disk if possible in any format that can be opened using Adobe Photoshop, (TIF, GIF, JPG, PSD, EPS etc.) or as a Microsoft PowerPoint Documents (ppt).

Illustrations that cannot be sent electronically will be scanned at the editorial office so that they can be sent to reviewers via e-mail along with the manuscript to expedite the evaluation process.

Resubmitted manuscripts should also be submitted in the above manner. Please note that supplying electronic versions of your tables and illustrations upon resubmission will assure a faster publication time if the manuscript is accepted.

Review/editing of manuscripts. Manuscripts will be reviewed by the editor-in-chief, and at least two reviewers with expertise within the scope of the article. The publisher reserves the right to edit accepted manuscripts to fit the space available and to ensure conciseness, clarity, and stylistic consistency, subject to the author's final approval.

Adherence to guidelines. Manuscripts that are not prepared in accordance with these guidelines will be returned to the author before review.

MANUSCRIPT PREPARATION

- The Journal will follow as much as possible the recommendations of the International Committee of Medical Journal Editors (Vancouver Group) in regard to preparation of manuscripts and authorship (Uniform requirements for manuscripts submitted to biomedical journals. *Ann Intern Med* 1997;126:36-47).

- **Title page.** The first page should include the title of the article (descriptive but as concise as possible) and the name, degrees, title, professional affiliation, and full address of all authors. Phone, fax, and e-mail address must also be provided for the corresponding author, who will be assumed to be the first-listed author unless otherwise noted. If the paper was presented before an organized group, the name of the organization, location, and date should be included.

- **3-5 keywords.**

- **Structured abstract.** Include a maximum 250-word structured abstract (with headings Purpose, Materials and Methods, Results, Conclusion).

- **Introduction.** Summarize the rationale and purpose of the study, giving only pertinent references. Clearly state the working hypothesis.

- **Materials and Methods.** Present materials and methods in sufficient detail to allow confirmation of the observations. Published methods should be referenced and discussed only briefly, unless modifications have been made. Indicate the statistical methods used, if applicable.

- **Results.** Present results in a logical sequence in the text, tables, and illustrations. Do not repeat in the text all the data in the tables or illustrations; emphasize only important observations.

- **Discussion.** Emphasize the new and important aspects of the study and the conclusions that follow from them. Do not repeat in detail data or other material given in the Introduction or Results section. Relate observations to other relevant studies and point out the implications of the findings and their limitations.

- **Acknowledgments.** Acknowledge persons who have made substantive contributions to the study. Specify grant or other financial support, citing the name of the supporting organization and grant number.

- **Abbreviations.** The full term for which an abbreviation stands should precede its first use in the text unless it is a standard unit of measurement.

- **Trade names.** Generic terms are to be used whenever possible, but trade names and manufacturer should be included parenthetically at first mention.

- **Clinical Relevance.** Please include a very brief (2 sentences or 3 lines) clinical relevance statement.

REFERENCES

- **All references must be cited** in the text, numbered according to the alphabetical reference list.

- **The reference list** should appear at the end of the article, numbered in alphabetical sequence.

- **Do not include unpublished data** or personal communications in the reference list. Cite such references parenthetically in the text and include a date.

- **Avoid using abstracts** as references.

- **Provide complete information** for each reference, including names of all authors (up to six). If the reference is to part of a book, also include title of the chapter and names of the book's editor(s).

Journal reference style:

1. Turp JC, Kowalski CJ, Stohler CS. Treatment-seeking patterns of facial pain patients: Many possibilities, limited satisfaction. *J Orofacial Pain* 1998;12:61–66.

Book reference style:

1. Hannam AG, Langenbach GEJ, Peck CC. Computer simulations of jaw biomechanics. In: McNeill C (ed). *Science and Practice of Occlusion*. Chicago: Quintessence 1997;187–194.

ILLUSTRATIONS

- All illustrations must be numbered and cited in the text in order of appearance.

Paper version:

- The figure number and first author's last name should be indicated on the back of each photograph or on the mount of each slide. Also indicate the top edge lightly in pencil.

Do not mark author's name on duplicates!

- Do not bend, fold, or use paper clips. *Do not mount slides in glass.*

- For protection against damage or loss, authors should retain duplicate slides and illustrations.

- All illustrations are returned after publication.

- Original artwork must be provided with original submission.

Black & white – submit one set of high-quality glossy prints. Should the quality prove inadequate, negatives will be requested as well. Photographs should be unmounted and untrimmed.

Radiographs – submit the original radiograph as well as two sets of prints.

Color – Original slides (35 mm transparencies) must be submitted, plus two sets of prints made from them. When instruments and appliances are photographed, a neutral background is best; structured fabrics are unsuitable.

Line drawings – Figures, charts, and graphs should be professionally drawn and lettered large enough to be read after reduction. Good-quality computer-generated laser prints are acceptable (no photocopies). Lines within graphs should be of a single weight unless special emphasis is needed.

Legends – Figure legends should be grouped as a file on a separate sheet and typed double-spaced.

TABLES

- Each table should be logically organized, as a file on a separate sheet, and numbered consecutively.

- The title and footnotes should be typed on the same sheet as the table.

MANDATORY SUBMISSION FORM

The Mandatory Submission Form, signed by all authors, must accompany all submitted manuscripts before they can be reviewed for publication.

Electronic submission: scan the signed form and submit as JPG or TIF file.

PERMISSIONS AND WAIVERS

- Permission of author and publisher must be obtained for the direct use of material (text, photos, drawings) under copyright that does not belong to the author.

- Waivers must be obtained for photographs showing persons. When such waivers are not supplied, faces will be masked to prevent identification.

- For clinical studies the approval of the ethical committee must be presented.

PAGE CHARGE

The first 8 printed pages in an article are free of charge. For excess pages, the charge is € 140 per printed page. The approximate number of characters on a printed page is approximately 6,800. Please also consider the number and size of illustrations.

REPRINTS

The corresponding author is given 50 free reprints of the article. If additional reprints are desired, they must be ordered from the publisher when the page proofs are reviewed by the authors. The publisher does not stock reprints; however, back issues can be purchased.
