

1. Legal requirements

The author(s) guarantee(s) that the manuscript will not be published elsewhere in any language without the consent of the copyright owner, that the rights of third parties will not be violated, and that the publisher will not be held legally responsible should there be any claims for compensation.

Authors wishing to include figures or text passages that have already been published elsewhere are required to obtain permission from the copyright owner(s) and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence will be assumed to originate from the authors.

Manuscripts must be accompanied by the "Copyright Transfer Statement." The form can be obtained from springeronline.com/journal/00531.

2. Editorial procedure

Submitting authors have to state that all their co-authors have seen the manuscript submitted and have full knowledge of it. This statement will also be included in the acknowledgement of receipt sent out by the Editor-in-Chief for signature by the corresponding author. Only when the confirmation of the corresponding author is returned the manuscript will be sent out for review.

Manuscripts should be submitted in English, however, German and French, will be also accepted, in triplicate together with three sets of illustrations to Wolf-Christian Dullo (GEOMAR, Wischhofstr. 1–3, 24148 KIEL, Germany). Please be sure to include your e-mail address and your fax number.

Please do not transmit electronic data to the publisher until your manuscript has been reviewed and accepted for publication. Please follow the instructions below.

3. Manuscript preparation

General remarks

To help you prepare your manuscript, Springer offers a template that can be used with Winword 7 (Windows 95), 97, 2000, and Word for Macintosh. For details see point 4.

All manuscripts are subject to copy editing.

Title page

- The name(s) of the author(s)
- A concise and informative title
- The affiliation(s) and address(es) of the author(s)
- The e-mail address, telephone and fax numbers of the communicating author

Abstract. Each paper must be preceded by an abstract presenting the most important results and conclusions in no more than 200 words.

Five **keywords** should be supplied after the Abstract for indexing purposes.

Abbreviations should be defined at first mention in the abstract and again in the main body of the text and used consistently thereafter.

Essential **footnotes** to the text should be numbered consecutively and placed at the bottom of the page to which they refer.

SI units should be used throughout except where non-SI units are more common [e.g. litre (L) for volume].

References

The list of References should only include works that are cited in the text and that have been published or accepted for publication. Personal communications should only be mentioned in the text. In the text, references should be cited by author and year (e.g. Hammer 1994; Hammer and Sjöqvist 1995; Hammer et al. 1993) and listed in alphabetical order in the reference list.

Examples:

Journal:

Hay WW (1996) Tectonics and climate. *Geol Rundsch* 85:409–437

If available the Digital Object Identifier (DOI) of the cited literature should be added at the end of the reference in question.

Example:

Müller C, Stein R (2000) Variability of fluvial sediment supply to the Laptev Sea continental margin during Late Weichselian to Holocene times: implications from clay-mineral records *Int J Earth Sci* 89: 592–604

DOI: 10.1007/s005310000112

Book:

Passchier CW, Trouw RAJ (1996) *Microtectonics*. Springer, Berlin Heidelberg New York, pp 1–304

Book chapter:

Constanz BR (1986) The primary surface area of corals and variations in their susceptibility to diagenesis. In: Schroeder JH, Purser BH (eds). *Reef diagenesis*. Springer, Berlin Heidelberg New York, pp 77–90

Symposium volumes:

Davis PJ (1988) Evolution of the Great Barrier Reef – reductionist dream or expansionist vision. *Proc 6th Int Coral Reef Symp* 1:9–18

Illustrations and Tables

All figures (photographs, graphs or diagrams) and tables should be cited in the text, and each numbered consecutively throughout. The placement of figures and tables should be indicated in the left margin. Figure parts should be identified by lower-case roman letters. For submission of figures in electronic form see below.

Line drawings. Please submit good-quality prints. The inscriptions should be clearly legible.

Half-tone illustrations (black and white and color). Please submit well-contrasted photographic prints with the top indicated on the back.

Magnification should be indicated by scale bars.

Plates:

Several figures or figure parts should be grouped in a plate on one page.

Size of figures:

The figures should either match the width of the column (8.6 cm) or be 17.6 cm or 13.1 cm wide. The maximum length is 23.6 cm.

Figure legends must be brief, self-sufficient explanations of the illustrations. The legends should be placed at the end of the text.

Tables should have a title and a legend explaining any abbreviation used in that table. Footnotes to tables should be indicated by superscript lower-case letters (or asterisks for significance values and other statistical data).

For **color illustrations** the authors will be expected to make a contribution (€ 485, US \$ 534, plus 16% VAT) towards the extra costs irrespective of the number of color figures.

4. Electronic submission of final version

Please send only the final version of the article, as accepted by the editors.

Preparing your manuscript

Text

The Word template is available:

* *via ftp:*

Address: [ftp.springer.de/](ftp://ftp.springer.de/)
User ID: ftp
Password: your own e-mail address
– Directory: /pub/Word/journals
– File names: sv-journ.zip or sv-journ.doc and sv-journ.dot

* *via browser:*

– <ftp://ftp.springer.de/pub/Word/journals>
– File names: sv-journ.zip or sv-journ.doc and sv-journ.dot

The zip file should be sent unencoded.

Layout guidelines:

1. Use a normal, plain font (e.g., Times Roman) for text. Other style options:
 - for textual emphasis use *italics* types.
 - for special purposes, such as for mathematical vectors, use **boldface** type.
2. Use the automatic page numbering function to number the pages.
3. Do not use field functions.
4. For indents use tab stops or other commands, not the space bar.
5. Use the table functions of your word processing program, not spreadsheets, to make tables.
6. Use the equation editor of your word processing program or MathType for equations.
7. Place any figure legends or tables at the end of the manuscript.
8. Submit all figures as separate files and do not integrate them within the text.

Data formats:

Save your file in two different formats:

1. RTF (Rich Text Format) or Microsoft Word compatible formats.
2. pdf (a single pdf file including text, tables and figures)

Illustrations

The preferred figure formats are EPS for vector graphics exported from a drawing program and TIFF for halftone illustrations. EPS files must always contain a preview in TIFF of the figure. The file name (one file for each figure) should include the figure number. Figure legends should be included in the text and not in the figure file.

- **Scan resolution:** Scanned line drawings should be digitized with a minimum resolution of 800 dpi relative to the final figure size. For digital halftones, 300 dpi is usually sufficient.
- **Color illustrations:** Store color illustrations as RGB (8 bits per channel) in TIFF format.
- **Vector graphics:** Fonts used in the vector graphics must be included. Please do not draw with hair-lines. The minimum line width is 0.2 mm (i.e., 0.567 pt) relative to the final size.

General information on data delivery

Please send us a zip file (text and illustrations in separate files) either:

* Via [ftp.springer.de](ftp://ftp.springer.de) (to our ftp.server; log-in "anonymous"; password: your e-mail address; further information in the readme file on the server)

* By e-mail (only suitable for small volumes of data) or on any of the following media:

- On a diskette [you may use .tar, .zip, .gzip (.gz), .sit, and compress (.Z)]
- On a ZIP cartridge
- On a CD-Rom

Please always supply the following information with your data: journal title, operating system, word processing program, drawing program, image processing program, compression program.

The file name should be memorable (e.g., author name), have no more than 8 characters, and include no accents or special symbols. Use only the extensions that the program assigns automatically.

5. Electronic supplementary material

Electronic supplementary material (ESM) for an article in the journal will be published in SpringerLink provided the material is:

- submitted to the Editor(s) in electronic form together with the paper and is subject to peer review
- accepted by the journals Editor(s)

ESM may consist of

- information that cannot be printed: animations, video clips, sound recordings
- information that is more convenient in electronic form: sequences, spectral data, etc.
- large original data that relate to the paper, e.g. additional tables, illustrations (color and black & white), etc.

After acceptance by the journals Editor(s) ESM will be published as received from the author in the online version only. Reference will be given in the printed version.

6. Proofreading

Authors should make their proof corrections on a printout of the pdf file supplied, checking that the text is complete and that all figures and tables are included. After online publication, further changes can only be made in the form of an Erratum, which will be hyperlinked to the article. **The author is entitled to formal corrections only. Substantial changes in content, e.g. new results, corrected values, title and authorship are not allowed without the approval of the responsible editor. In such a case please contact the Editor-in-Chief before returning the proofs to the publisher.**

7. Offprints

40 offprints of each contribution are supplied free of charge. If you wish to order additional offprints you must return the order form with the corrected proofs. You are then entitled to receive a pdf file of your article for your own personal use.
