Instructions for authors

1 Legal requirements

The author(s) guarantee(s) that the manuscript will not be published elsewhere in any language without the consent of the copyright owner, that the rights of third parties will not be violated, and that the publisher will not be held legally responsible should there be any claims for compensation.

Authors wishing to include figures or text passages that have already been published elsewhere are required to obtain permission from the copyright holder(s) and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence will be assumed to originate from the authors.

Manuscripts must be accompanied by the "Copyright Transfer Statement". The form can be obtained from springeronline.com/journal/00202. Please see page A2 for details relating to copyright.

2 Editorial procedure

Authors should submit their manuscripts electronically to:
Adalbert.Precht@tuwien.ac.at.

3 Manuscript preparation

General remarks. To help you prepare your manuscript, Springer offers a template that can be used with Winword 7 (Windows 95), 97, 2000, and Word for Macintosh. For details see point 4.

All manuscripts are subject to copy editing.

■ Title page

- A concise and informative title
- The name(s) of the author(s)
- The affiliation(s) and address(es) of the author(s)
- The e-mail address, telephone and fax numbers of the communicating author

■ **Abstract.** Each paper must be preceded by an abstract presenting the most important results and conclusions in no more than 70 words.

■ **Keywords.** Five keywords should be supplied after the Abstract for indexing purposes.

■ **References.** The list of References should only include works that are cited in the text and that have been published or accepted for publication. Personal communications should only be mentioned in the text.

References should be *numbered in the order in which they appear* in the text and listed in

numerical order. Journal titles should be abbreviated according to Engineering Index, Inc.,. References with correct punctuation should be styled as follows:

Journal articles

1. Grissom LE, Harcke HT (1997) Ultrasonography of nondevelopmental dysplasia of the hips. *Pediatr Radiol* 27: 70-74

Books

2. Larcher W (1995) *Physiological plant ecology*, 3rd edn. Springer, Berlin Heidelberg New York

Multiauthor books

3. Hovind HJ (1986) Traumatic birth injuries. In: Raimondi AJ, Choux M, Di Rocco C (eds) *Head injuries in the newborn and infant*. (Principles of pediatric neurosurgery) Springer, Berlin Heidelberg New York, pp 87-109

If available the Digital Object Identifier (DOI) of the cited literature should be added at the end of the reference in question.

Example: Dyall KG (1998) Relative and non-relative finite nucleus optimized double zeta basis sets for the elements. *Theor Chem Acc* 99: 366-371 DOI 10.1007/s002149800025

■ **Illustrations and Tables.** All figures (photographs, graphs or diagrams) and tables should be cited in the text, and each numbered consecutively throughout. The placement of figures and tables should be indicated in the left margin. Figures parts should be identified by lower-case roman letters.

For submission of figures in electronic form see below.

Line drawings. Please submit good-quality prints. The inscriptions should be clearly legible.

Half-tone illustrations (*black and white and color*). Please submit well-contrasted photographic prints with the top indicated on the back. *Magnification* should be indicated by *scale bars*.

Figure legends must be brief, self-sufficient explanations of the illustrations. The legends should be placed at the end of the text.

Tables should have a title and a legend explaining any abbreviation used in that table. Footnotes to tables should be indicated by superscript lower-case letters (or asterisks for significance values and other statistical data).

For **color illustrations** the authors will be expected to make a contribution (€ 485.00, US\$ 534, plus 16% VAT) towards the extra costs, irrespective of the number of color figures.

4 Electronic submission of final version

Please send only the final version of the article, as accepted by the editors.

Preparing your manuscript

Text. This journal accepts either LaTeX or Word documents.

LaTeX: The electronic version should include the original source (including all style files and figures) and a PostScript version of the compiled submission

Word: The template is available:

via ftp:

Address: [ftp.springer.de/](ftp://ftp.springer.de/)
User ID: ftp
Password: your own e-mail address
- Directory: /pub/Word/Journals
- file names: sv-journ.zip or sv-journ.doc and sv-journ.dot

via browser:

- <ftp://ftp.springer.de/pub/Word/journals>
- file names: sv-journ.zip or sv-journ.doc and sv-journ.dot

The zip file should be sent uuencoded.

Layout guidelines

1. Use a normal, plain font (e.g., Times Roman) for text.
Other style options:
 - for textual emphasis use italic types.
 - for special purposes, such as for mathematical vectors, use boldface type.
2. Use the automatic page numbering function to number the pages.
3. Do not use field functions.
4. For indents use tab stops or other commands, not the space bar.
5. Use the table functions of your word processing program, not spreadsheets, to make tables.
6. Use the equation editor of your word processing program or MathType for equations.
7. Place any figure legends or tables at the end of the manuscript.
8. Submit all figures as separate files and do not integrate them within the text.

Data formats

Save your file in two different formats:

1. RTF (Rich Text Format) or Microsoft Word compatible formats
2. pdf (a single pdf file including text, tables and figures)

Illustrations The preferred figure formats are EPS for vector graphics exported from a drawing program and TIFF for halftone illustrations. EPS files must always contain a preview in TIFF of the figure. The file name (one file for each figure) should include the figure number. Figure legends should be included in the text and not in the figure file.

- **Scan resolution:** Scanned line drawings should be digitized with a minimum resolution of 800 dpi relative to the final figure size. For digital halftones, 300 dpi is usually sufficient.
- **Color illustrations:** Store color illustrations as RGB (8 bits per channel) in TIFF format.
- **Vector graphics:** Fonts used in the vector graphics must be included. Please do not draw with hairlines. The minimum line width is 0.2 mm (i.e., 0.567 pt) relative to the final size.

General information on data delivery

Please send us a zip file (text and illustrations in separate files) either:

Via ftp.springer.de (to our ftp.server; log-in "anonymous"; password: your e-mail address; further information in the readme file on the server)

By e-mail (only suitable for small volumes of data)

or on any of the following media:

- On a diskette [you may use .tar, .zip, .gzip (.gz), .sit, and compress (.Z)]
- On a ZIP cartridge
- On a CD-ROM

Please always supply the following information with your data: journal title, operating system, word processing program, drawing program, image processing program, compression program.

The file name should be memorable (e.g., author name), have no more than 8 characters, and

include no accents or special symbols. Use only the extensions that the program assigns automatically.

5 Proofreading

Authors should make their proof corrections on a printout of the pdf file supplied, checking that the text is complete and that all figures and tables are included. After online publication, further changes can only be made in the form of an Erratum, which will be hyperlinked to the article. The author is entitled to formal corrections only. Substantial changes in content, e.g. new results, corrected values, title and authorship are not allowed without the approval of the responsible editor. In such a case please contact the Editor-in-Chief before returning the proofs to the publisher

6 Offprints, Free copy

Springer will supply each author of an article with one free copy of the relevant issue. Orders for offprints can be placed by returning the order form with the corrected proofs. When you order offprints, you are entitled to receive in addition a pdf file of your article for your own personal use.

Springer
