

Bois et forêts des tropiques

Note to authors

Please help us to optimise processing of your files and folders!

When you submit a draft article, you must give us e-mail address of each author, please send the files by email or ftp transfer to the BFT journal address. If necessary, you may send the printable version on CD-Rom to us by post.

You will need to send us 3 kinds of files:

- File 1 containing your text, abstracts and tables;
- File 2 containing illustrations (photographs and figures with low resolution) and legends, with source files preferably in very high resolution or vector mode;
- File 3 (group of files) containing illustrations and photographs (and the name of the photograph's author in each case).

For figures, diagrams and maps, please use vector software that allows files to be opened with Illustrator, saving them in eps format only. For charts, add files from spreadsheet programs. High-quality print originals of all files must also be supplied, as the use of electronic files cannot be guaranteed. Photo files in 10 cm x 15 cm format, with a minimum resolution of 300 dpi, must be compressed into JPEG at maximum quality. If you cannot provide a digital version of your photographs, you may send us prints or slides.

Articles must be no longer than **6 500 words** (35 000 signs including spaces), not counting the abstract. You may choose to send your articles in English, Spanish or French, with an abstract and six key words in the same language as the article, at least. The abstracts will be translated and subsequently revised by the editor.

Articles:

Articles must present meaningful results that are potentially transferable to other fields.

6 500 words (text + tables + references) with a minimum of **4 photos with legends** plus a **275-word abstract**.

Research notes:

Short articles concerning studies that are nearing completion, to present preliminary results and/or research prospects. These may, in particular, present a recent or forthcoming thesis.

2500 words (text + tables + references) with a minimum of **3 photos with legends** plus a **275-word abstract**.

Articles must be presented in the following order:

- First page containing the title (maximum 10 words), first names, surnames and addresses of the authors, in full. For the first-named author or the author corresponding with the journal, please provide a current professional address and email address.
- Text in Times New Roman, size 12, with 1.5 line spacing and numbered pages;
- List of bibliographic references (maximum 20);
- Abstract containing no more than **275 words**;
- The legends to illustrations (maximum **6 figures, maps and/or diagrams**) and photos (about 10) must be supplied on a separate page. Sources or credits for all illustrations must be mentioned as required. The author of each photograph must be named.
- Tables (**MAXIMUM 5**), each with a legend;
- Photos must be numbered in the order in which they appear in the text.

The text should be composed in a single font. Latin names must be in italics, and the names of authors cited in the text in small caps, e.g. TCHOUME *et al.* All acronyms and abbreviations must be given in full the first time they appear in the text (or as an end-of-page note).

All tables, figures and photographs must have a legend and must be numbered in the order in which they appear in the text. Tables, figures and photos must be announced in the text as follows: tables in Roman numerals (e.g. Table V), figures and photos in Arab numerals (e.g. Figure 2, Photo 2). For figures, please supply high-quality print-outs and make sure you have obtained any necessary permission to publish them.

Bibliographic references must be written as follows in the text:

DIOUF (2001); DOMMARGUES, MANGENOT (1970); (POUTOULI, 1994; CADOU *et al.*, 1952), and when there are three or more authors: ROSSMAN *et al.* (1995). The references given in the list only concern publications mentioned in the text. They are listed in alphabetical order by author. They are presented as follows:

Book: IBGE, 1998. Produção da extração vegetal e da silvicultura 1995. Rio de Janeiro, Brazil, IBGE, vol. 10, 277 p.

Paper given at a conference: BERTRAND A., BABIN D., WEBER J., 2000. Pauvreté et gestion des ressources renouvelables dans les pays en développement: les liaisons dangereuses? *In*: Forests and society: The role of research, Vienna, Austria, 8 July-8 August 2000. Kuala Lumpur, Malaysia, IUFRO, 244-245.

Article in a periodical: BHAT K. M. M., 2000. Non-destructive techniques for wood quality assessment of plantation-grown teak. *Bois et Forêts des Tropiques*, 263 (1): 6-16.

Thesis: PETIT S., 2000. Environnement, conduite des troupeaux et usage de l'arbre chez les agropasteurs peuls de l'Ouest burkinabé. Thesis, Orleans University, France, 528 p.
