1. Manuscripts should be sent to the Editor:

Jesikah Allison  
Springer  
101 Philip Drive  
Assinippi Park  
Norwell, MA 02061

2. Submission is a representation that the manuscript has not been published previously and is not currently under consideration for publication elsewhere. A statement transferring copyright from the authors (or their employers, if they hold the copyright) to Plenum Publishing Corporation will be required before the manuscript can be accepted for publication. The Editor will supply the necessary forms for this transfer. Such a written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the U.S. Copyright Law in order for the publisher to carry through the dissemination of research results and reviews as widely and effectively as possible.
3. Type double-spaced and submit five copies (including copies of all illustrations and tables). Academic affiliations of all authors and the full mailing address of the one author who will receive the proofs must be included. The length of a regular report is 25–40 pages. The length of a brief report is 10–15 pages.
4. A 120-word abstract is to be provided.
5. Tables should be numbered in one consecutive series of roman numerals and referred to by number in the text. Each table should be typed on a separate sheet of paper and have a descriptive title.
6. Illustrations (photographs, drawings, diagrams, and charts) are to be numbered in one consecutive series of arabic numerals and referred to by number in the text. Photographs should be large, glossy prints, showing high contrast. Drawings may be prepared with india ink, or may be computer-generated if dark, sharp, and clear. Please check that the format (i.e., TIFF or EPS) for artwork is current and correct. Either the original drawings or high-quality photographic prints are acceptable. Identify figures on the back with the author's name and the number of the illustration. Each figure should have an accompanying caption. The list of captions for illustrations should be typed on one separate sheet of paper. Electronic artwork submitted on disk should be in TIFF or EPS format (1200 dpi for line and 300 dpi for half-tones and gray-scale art). Color art should be in the CMYK color space. Artwork should be on a separate disk from the text, and hard copy must accompany the disk.
7. The 2001 (fifth) edition of the *Publication Manual* of the American Psychological Association should be used as the style guide for the preparation of manuscripts, particularly with respect to such matters as the use of nonsexist language, citation of references, and the use of abbreviations, numbers, and symbols.

## Author Instructions Sex Roles

8. After a manuscript has been accepted for publication and after all revisions have been incorporated, manuscripts should be submitted to the Editor's Office as hard copy accompanied by electronic files on disk. Label the disk with identifying information &mdash; software, journal name, and first author's last name. **The disk *must* be the one from which the accompanying manuscript (finalized version) was printed out.** The Editor's Office cannot accept a disk without its accompanying, matching hard-copy manuscript.
9. **The journal makes no page charges.** Reprints are available to authors, and order forms with the current price schedule are sent with proofs.
