1. Manuscripts, in quadruplicate and in English, should be submitted to:

Professor Robert Louis Flood  
30 Sallyport  
Hugh Town  
St Marys  
Isles of Scilly  
TR1 0JE  
UK

email: [lesskerkestrel2002@tiscali.co.uk](mailto:lesskerkestrel2002@tiscali.co.uk)

2. Submission is a representation that the manuscript has not been published previously and is not currently under consideration for publication elsewhere. A statement transferring copyright from the authors (or their employers, if they hold the copyright) to Kluwer Academic/Plenum Publishers will be required before the manuscript can be accepted for publication. The Editor will supply the necessary forms for this transfer. Such a written transfer of copyright, which previously was assumed to be implicit in the act of submitting a manuscript, is necessary under the U.S. Copyright Law in order for the publisher to carry through the dissemination of research results and reviews as widely and effectively as possible.
3. Type double-spaced, and submit the original and three copies (including copies of all illustrations and tables). All copies must be dark, sharp, and clear. Computer-generated manuscripts *must* be of letter quality (*not* dot-matrix).
4. A title page is to be provided and should include the title of the article, author's name (no degrees), author's affiliation, and suggested running head. The affiliation should comprise the department, institution (usually university or company), city, and state (or nation) and should be typed as a footnote to the author's name. The suggested running head should be less than 80 characters (including spaces) and should comprise the article title or an abbreviated version thereof. For office purposes, the title page should include the complete mailing address, telephone number, fax number, and e-mail address of the one author designated to review proofs. Proofs will be e-mailed as a PDF attachment.
5. An abstract is to be provided, preferably no longer than 100–150 words.
6. A list of 4–5 key words is to be provided directly below the abstract. Key words should express the precise content of the manuscript, as they are used for indexing purposes.
7. All sections should be numbered with Arabic numerals (such as **1. INTRODUCTION**). Subsections should be identified with section and subsection numbers (such as **6.1. Second-Wave Subheading**). If applicable, an independent single-number system (one for each category) should be used to label all theorems, lemmas, propositions, corollaries, definitions, remarks, examples, etc. The label (such as **Theorem 4**) should be typed with paragraph indentation, followed by a period and the theorem itself.

## Author Instructions Systemic Practice and Action Research

8. Mathematical notation should be typewritten wherever possible. If handwritten notation must be used, it should be clear and legible, with any necessary explanatory notes located in the margin. Equations should be numbered consecutively with Arabic numerals in parentheses placed flush right, and should be thusly referred to in the text [such as Eqs. (2) and (5)].
9. Illustrations (photographs, drawings, diagrams, and charts) are to be numbered in one consecutive series of Arabic numerals. The captions for illustrations should be typed on a separate sheet of paper. All illustrations must be complete and final, i.e., camera-ready. Photographs should be large, glossy prints, showing high contrast. Drawings should be high-quality laser prints or should be prepared with india ink. Either original drawings or good-quality photographic prints are acceptable. Identify figures on the back with author's name and number of the illustration. Each figure should be on a separate sheet of paper. Electronic artwork submitted on disk should be in the TIFF or EPS format (1200 dpi for line and 300 dpi for half-tones and gray-scale art). Color art should be in the CYMK color space. Artwork should be on a separate disk from the text, and hard copy *must* accompany the disk.
10. Tables should be numbered (with Roman numerals) and referred to by number in the text. Each table should be typed on a separate sheet of paper.
11. List references alphabetically at the end of the paper and refer to them in the text by name and year in parentheses. Where there are three or more authors, only the first author's name is given in the text, followed by *et al.* References should include (in this order): last names and initials of *all* authors, year published, title of article, name of publication, volume number, and inclusive pages. The style and punctuation of the references should conform to that used in the journal &mdash; illustrated by the following examples:

### *Journal Article*

Kenny, G. K., Butler, R. J., Hickson, D. J., Cray, D., Mallory, G. R., and Wilson, D. C. (1987). Strategic decision making: Influence patterns in public and private sector organizations. *Hum. Relat.* **40**, 613&ndash;631.

### *Book*

Flood, R. L., and Carson, E. R. (1988). *Dealing with Complexity: An Introduction to the Theory and Application of Systems Science*, Plenum Press, New York.

### *Contribution to a Book*

Flood, R. L. (1996). Total systems intervention: Local systemic intervention. In Flood, R. L. and Romm, N. R. (eds.), *Critical Systems Thinking: Current Research and Practice*, Plenum Press, New York, pp. 95&ndash;115.

12. Footnotes should be avoided. When their use is absolutely necessary, footnotes should be numbered consecutively using Arabic numerals and should be typed at the bottom of the page to which they refer. Place a line above the footnote, so that it is set off from the text. Use the appropriate superscript numeral for citation in the text.
13. After a manuscript has been accepted for publication and after all revisions have been incorporated, manuscripts should be submitted to the Editor's Office as hard copy accompanied by electronic files on disk. Label the disk with identifying information &mdash; software, journal name, and first author's last name. **The disk must be the one from which the accompanying manuscript (finalized version) was printed out.** The Editor's Office cannot accept a disk without its accompanying, matching hard-copy manuscript.
14. **The journal makes no page charges.** Reprints are available to authors, and order forms with the current price schedule are sent with proofs.
