

TABLE OF CONTENTS

VOLUME I

Chapter 1	
Chromatin Structure and Gene Regulation.....	1
R. S. Gilmour	
Chapter 2	
The Structure of Transcripts and the Regulation of Transcriptions.....	33
G. P. Georgiev and A. P. Ryskov	
Chapter 3	
Cascade Regulation: A Model of Integrative Control of Gene Expression in Eukaryotic Cells and Organisms.....	55
K. Scherrer	
Chapter 4	
Selective Gene De-Repression by De-Repressor RNA.....	129
J. H. Frenster	
Chapter 5	
The Primer Hypothesis for the Regulation of Eukaryotic Gene Expression.....	143
G. M. Kolodny	
Index	179

VOLUME II

Chapter 1	
Eukaryotic DNA Dependent RNA Polymerases: an Evaluation of their Role in the Regulation of Gene Expression	1
T. J. C. Beebe and P. H. W. Butterworth	
Chapter 2	
Role of Histones in Cell Differentiation	57
R. Tsanev	
Chapter 3	
Role of Nonhistone Chromosomal Proteins in Selective Gene Expression	113
I. R. Phillips, E. A. Shephard, J. L. Stein, and G. S. Stein	
Chapter 4	
Hormonal Regulation of Gene Transcription.....	179
R. F. Cox	
Index	229
