

## Contents

List of contributing authors — V

Alessandra Giordani, Bruna Del Busso Zampieri, Elis Watanabe Nogueira,  
Rafael Brito de Moura, Leonardo Henrique Soares Damasceno,  
Günther Brucha  
**Acidophilic microbial communities: remediating acid mine drainage  
waters — 1**

Suchitanda Ghosh, Samarpita Banerjee  
**The extremophiles indigenous to acid mines — 23**

Renitta Rajeev Menon, Renitta Jobby  
**Halophiles: properties, adaptations, diversity, and applications — 43**

Renitta Suresh Parsekar, Renitta Jobby  
**Deep-sea extremophiles and their diversity in the Indian Ocean — 65**

Shruti Sitoh, Bablesh Ranawat, Sonam Dubey, Sandhya Mishra  
**Extremozymes: exclusive outlook toward the white biotechnology — 95**

Sireesha Biswas, Mahuya Mukhopadhyay  
**Extremophiles: a potential source of extremozymes — 113**

Prasadarshini Dey, Krishna Murthy TP, Gangaraju Divyashri, Birendra Kumar,  
Chiranjaya Shivaswamy, Devdatta Chatterjee, Gowrishankar Balu, Mellvan  
Prakash, Weldon Annon Dsouza, Mridula Bekal, Nikhil Chandrashekar,  
Rupali Das, Sharan Kumar Belamagi  
**Prospects of biofuels, biofertilizers, and therapeutics from  
extremophiles — 131**

Rishu Basu, Sanjana Ghosh, Bikram Dhara, Ishita Roy,  
Elizabeth Basumatary, Supriti Paul, Arup Kumar Mitra  
**Extremophilic pigments in eukaryotic microbes: a tool for survivability — 149**

Saugata Ghosh, Bishwarup Sarkar  
**Bioactive compounds from extremophilic bacteria — 171**

- Pranjal Bharali, Bhagyudoy Gogoi, Bupesh Giridharan  
**Psychrophiles survival strategies: insights into the comprehensive adaptive behavioral approaches in cold-habituated bacteria — 197**
- Bashita Basu, Camellia Roy, Samayita Saha, Annie Selma Tirkey, Rupanjana Biswas, Asmita Dey, Bikram Dhara, Arup Kumar Mitra  
**Extremophiles to polyextremophiles: survival of the fittest — 221**
- Shahana Chowdhury, A.B.M. Rezwatul Kabir, Anirban Jyoti Debnath, Syed Akib Hossain, Dwaipayan Sinha  
**An overview of extremophiles as microbial armament for bioremediation — 245**
- Bedaprana Roy, Debapriya Maitra, Rajeshwari Podder, Jaydip Ghosh, Arup Kumar Mitra  
**Biotechnological applications extremophiles: the golden epoch ahead — 269**
- Suchetana Mukherjee, Usman Atique, Rashmi Mukherjee, Sukanya Chatterjee, Muhammad Altaf, Dwaipayan Sinha, Rahul Dey, Surhid Ranjan Dutta, Ayan Mondal, Shahana Chowdhury  
**Potential of extremophiles: a review of current research in nanoparticle synthesis — 289**
- Sreemanti Banerjee, Ruma Pal  
**Cyanobacteria in nanotechnology — 315**
- Maghimaa Mathanmohun, Nivedhitha Kabeerdass  
**Use of extremophiles in nanotechnology — 339**
- Madhulika Gupta  
**Contribution of cyanobacteria and microalgae as extremophiles in the field of biotechnology — 365**
- Subhasish Dutta, Joyani Bhattacharjee, Samayita Chakraborty  
**Exploring the potential extremophilic microbes for bioremediation — 383**
- Index — 407**
