

Preface

It has been a decade since the first edition of this atlas was published. During this time, the field of embryology has advanced significantly. In an effort to keep the atlas up-to-date, the authors have revised the text and illustrations. The new edition includes new illustrations, new text, and new references. The authors hope that this new edition will be a valuable resource for students and researchers alike.

Reproduction of Figures in the Atlas

The permission to reproduce the figures in this atlas was granted by the publisher, Elsevier, and the authors of the original figures.

The authors of the original figures are: [List of authors]

The same procedure should be followed for all other figures.

Contents

Preface	ix
Reproduction of figures by users of the atlas	ix
Acknowledgements for current edition	ix
Acknowledgements for the 1st edition	ix
Acknowledgements for the 2nd edition	x
Acknowledgements for the 3rd edition	x
Histology	x
Embryonic Day 11 Sagittal (E11 Sag),	
Embryonic Day 12 Coronal (E12 Cor),	
Embryonic Day 12 Sagittal (E12 Sag),	
Embryonic Day 13 Coronal (E13 Cor),	
Embryonic Day 13 Sagittal (E13 Sag)	x
Embryonic Day 14 Coronal (E14 Cor)	x
Embryonic Day 14 Sagittal (E14 Sag)	xi
Embryonic Day 16 Coronal (E16 Cor)	xi
Embryonic Day 16 Sagittal (E16 Sag)	xi
Embryonic Day 17 Coronal (E17 Cor)	xi
Embryonic Day 19 Coronal (E19 Cor)	xi
Embryonic Day 19 Sagittal (E19 Sag)	xi
Postnatal Day 0 Coronal (P0 Cor)	xi
Photography	xii
Drawings	xii
Dating of embryos and other nomenclature questions	xii
Timed pregnancies	xii
Names of structures	xii
Abbreviations	xii
The basis of delineation of structures	xiii
References	xiii
List of abbreviations	xv
