

CONTENTS

Preface • ix

Introduction • xi

PART I | ORIGINS OF DIVERSITY • 1

1. Origin of Plant Life • 3

2. Diversification of Land Plants • 22

PART II | MECHANISMS OF DIVERSIFICATION • 57

3. Origins of Variation • 59

4. Distribution of Genetic Variation • 99

5. Selection • 155

PART III | PATTERNS OF DIVERSITY • 205

6. Phenotypic Variation • 207

7. Quantifying Phenotypes • 254

8. Intraspecific Variation • 288

PART IV | PROCESS OF DIVERSIFICATION • 323

9. Reproduction • 325

10. Reproductive Isolation and Hybridization • 385

11. Speciation and Diversification • 427

Literature Cited • 485

Index • 529
