Contributors vii

1. Introduction: Celebrating and Understanding Reproductive Diversity 1
Janet L. Leonard

Part I: General Considerations

2. The Distinction between Primary and Secondary Sexual Characters 9
Michael T. Ghiselin
3. The Evolution of Sexes, Anisogamy, and Sexual Systems: Natural versus Sexual Selection 15
Janet L. Leonard
4. Rapid Divergent Evolution of Genitalia: Theory and Data Updated 40
William G. Eberhard
5. Killing Time: A Mechanism of Sexual Conflict and Sexual Selection 79
Patricia Adair Gowaty and Stephen P. Hubbell

Part II: Primary Sexual Characters in Selected Taxa

6. Gamete Release and Spawning Behavior in Broadcast Spawning Marine Invertebrates 99
Katie E. Lotterhos and Don R. Levitan
7. Prosobranchs with Internal Fertilization 121
Alan N. Hodgson
8. Opisthobranchs 148
Ángel Valdés, Terrence M. Gosliner, and Michael T. Ghiselin

9. Basommatophoran Gastropods	173
<i>Philippe Jarne, Patrice David, Jean-Pierre Pointier, and Joris M. Koene</i>	
10. Stylommatophoran Gastropods	197
<i>Bruno Baur</i>	
11. An Ancient Indirect Sex Model: Single and Mixed Patterns in the Evolution of Scorpion Genitalia	218
<i>Alfredo V. Peretti</i>	
12. Spider Genitalia: Precise Maneuvers with a Numb Structure in a Complex Lock	249
<i>William G. Eberhard and Bernhard A. Huber</i>	
13. Genitalic Evolution in Opiliones	285
<i>Rogelio Macías-Ordóñez, Glauco Machado, Abel Pérez-González, and Jeffrey W. Shultz</i>	
14. The Evolution of Male and Female Internal Reproductive Organs in Insects	307
<i>Nina Wedell and David J. Hosken</i>	
15. Selective Forces Propelling Genitalic Evolution in Odonata	332
<i>Adolfo Cordero-Rivera and Alex Córdoba-Aguilar</i>	
16. Postcopulatory Sexual Selection in the Coleoptera: Mechanisms and Consequences	353
<i>Paul Eady</i>	
17. Fertilization Mode, Sperm Competition, and Cryptic Female Choice Shape Primary Sexual Characters in Fish	379
<i>Michael Taborsky and Francis C. Neat</i>	
18. Evolution of Primary Sexual Characters in Amphibians	409
<i>Lynne D. Houck and Paul A. Verrell</i>	
19. Evolution of Primary Sexual Characters in Reptiles	425
<i>Tobias Uller, Devi Stuart-Fox, and Mats Olsson</i>	
20. Sexual Conflict and the Intromittent Organs of Male Birds	453
<i>Robert Montgomerie</i>	
21. Genitalic Traits of Mammals: Systematics and Variation	471
<i>Edward H. Miller</i>	
22. The Evolution of Primary Sexual Characters in Animals: A Summary	494
<i>Alex Córdoba-Aguilar</i>	
Index	498
