

CONTENTS

Introduction	1
1. Hormone Receptors	8
2. Discovering the Neural Circuit for a Vertebrate Behavior Essential to Reproduction	40
3. Hormonal Regulation of Gene Expression in the Brain	79
4. Genes Regulating Behavior	128
5. Neuropeptide: Gonadotropin-Releasing Hormone	158
6. Neuropeptide: Oxytocin	179
7. Brain-Body Relations	195
8. Central Nervous System Arousal Fueling Instinctive Behaviors	215
9. Sex Difference	227
10. Summary	238
<i>Acknowledgments</i>	249
<i>Index</i>	251
