Preface	page ix
1 Introduction: Emblematic Island Animals	1
Takahe	2
Differences in Defence	3
Loss of Dispersibility	8
Parallel, Convergent, & Repeated Evolution	10
Giant Tortoises	19
Gender & Outcrossing	20
Species Interactions	22
Anagenesis versus Cladogenesis	25
Research Philosophy & Scientific Methodology	26
Flores Island 'Hobbit'	29
The Island Rule	32
Allometry & Ontogeny	37
Conclusions	42
2 Differences in Defence	43
Island Herbivores	43
Tortoises	45
Birds	46
Islands without Vertebrate Herbivores	47
Deterrents to Herbivory	47
Chemistry	47
Spinescence	48
Branching Architecture	48
Leaf Heteroblasty	49
Plant Protection Mutualisms	51
Syndrome Predictions	51

Hypothesis Testing	53
Islands with Toothless Herbivores	53
Islands without Vertebrate Herbivores	70
Islands without Plant Protectors	80
Conclusions	82
3 Differences in Dispersal	85
Costs & Benefits of Dispersal	85
Dispersal Mechanisms	86
Syndrome Predictions	88
Hypothesis Testing	92
Complete Tests of Predictions	92
Partial Tests of Predictions	102
Conclusions	106
4 Reproductive Biology	109
Syndrome Predictions	111
Hypothesis Testing	112
Baker's Law	112
Dioecy	113
Heterostyly	119
Anemophily	121
Generalised Flower Form	122
Reduced Floral Diversity	125
Conclusions	128
5 Size Changes	131
Syndrome Predictions	133
Hypothesis Testing	134
Insular Woodiness	134
Stature	137
Leaf Area	145
Seed Size	151
Conclusions	155

6	Loss of Fire-Adapted Traits	156
	The Geography of Fire	156
	Fire-Adapted Traits	157
	Syndrome Predictions	159
	Hypothesis Testing	159
	Isla Guadalupe	159
	California Islands	160
	Québec Islands	162
	Canary Islands	164
	New Zealand	165
	Lord Howe Island	167
	Conclusions	169
7	Conclusion: Emblematic Island Plants	171
	Cucumber Tree (<i>Dendrosicyos socotrana</i> : Cucurbitaceae)	172
	Elephant Cacti (<i>Pachycereus pringlei</i> : Cactaceae)	174
	Café Marron (<i>Ramosmania rodriguesi</i> : Rubiaceae)	177
	Lancewood (<i>Pseudopanax crassifolius</i> : Araliaceae)	180
	Coco de Mer (<i>Lodoicea maldivica</i> : Arecaceae)	183
	Summary	185
	Differences in Defence	185
	Differences in Dispersal	187
	Reproductive Biology	187
	Size Changes	188
	Loss of Fire-Adapted Traits	189
	An Island Syndrome in Plants	189
	References	192
	Index	223
