The Monocotyledons

Chapter 1 Monocotyledons I: Early Diverging Monocotyledons	3
A group of uncertain phylogenetic position (Acorales)	3
Order 1: Acorales [1]	3
Family 1.1. Acoraceae [1]	3
Alismatid monocotyledons (Alismatidae).....	6
Order 2: Alismatales [3]	7
Family 2.1. Alismataceae [17]	7
Family 2.2. Butomaceae [1].....	38
Family 2.3. Hydrocharitaceae [17]	40
Order 3: Potamogetonales [8].....	74
Family 3.1. Aponogetonaceae [1].....	74
Family 3.2. Cymodoceaceae [6]	76
Family 3.3. Juncaginaceae [3].....	85
Family 3.4. Potamogetonaceae [6].....	95
Family 3.5. Scheuchzeriaceae [1]	141
Family 3.6. Zosteraceae [2]	143
Aroids	154
Order 4: Arales [4].....	155
Family 4.1. Araceae [100].....	156
Family 4.2. Lemnaceae [5]	171
Family 4.3. Orontiaceae [4]	198
Family 4.4. Tofieldiaceae [5].....	206
Chapter 2 Monocotyledons II: Lilioid Monocotyledons ("Liliidae").....	215
Order 5: Asparagales [13–25].....	215
Family 5.1. Amaryllidaceae [75]	215
Family 5.2. Asparagaceae [114].....	230
Family 5.3. Iridaceae [66].....	239
Family 5.4. Orchidaceae [736–880+]	262
Order 6: Dioscoreales [3–5]	310
Family 6.1. Burmanniaceae [9].....	311
Family 6.2. Nartheciaceae [5]	314
Order 7: Liliales [10].....	317
Family 7.1. Liliaceae [15]	317
Family 7.2. Melanthiaceae [17].....	322
Family 7.3. Smilacaceae [1]	334
Chapter 3 Monocotyledons III: Commelinoid Monocots (Commelinidae).....	339
Order 8: Arecales [1]	339
Family 8.1. Arecaceae [189]	339
Order 9: Commelinales [5].....	341
Family 9.1. Commelinaceae [41].....	341
Family 9.2. Haemodoraceae [15].....	345
Family 9.3. Pontederiaceae [6]	348

Order 10: Poales [14]	364
Family 10.1. Eriocaulaceae [10]	364
Family 10.2. Mayacaceae [1]	379
Family 10.3. Typhaceae [2]	381
Family 10.4. Xyridaceae [5]	404
Order 11: Zingiberales [8]	424
Family 11.1. Cannaceae [1]	425
Family 11.2. Marantaceae [31]	427
Family 11.3. Zingiberaceae [53]	430
References	433
Index	551
