<i>Preface to the First Edition</i>	v
<i>Preface to the Second Edition</i>	ix
<i>Preface to the Third Edition</i>	xiii
<i>Acknowledgements</i>	xvii
 Chapter 1 Introduction	 1
 PART I THE BIOSPHERE	
Chapter 2 The biosphere	12
Chapter 3 Environmental variables	33
Chapter 4 Historical biogeography	55
Chapter 5 Biomass characteristics	79
Chapter 6 Biological productivity	107
Chapter 7 The biological cycle	129
Chapter 8 Biomass change and soil development	150
 PART II ECOSYSTEMS	
Chapter 9 Tropical and temperate forest ecosystems	174
Chapter 10 Boreal ecosystems	196
Chapter 11 Grassland ecosystems	212
Chapter 12 Desert ecosystems	228
Chapter 13 Island ecosystems	246
Chapter 14 Mountain ecosystems	258

Chapter 15	Aquatic ecosystems	272
PART III BIOTIC RESOURCES: USE AND MISUSE		
Chapter 16	Ecosystem stability and disturbance	292
Chapter 17	Human impact: ecosystem exploitation	311
Chapter 18	Human impact: environmental pollution	331
Chapter 19	Managed ecosystems	347
Chapter 20	The urban ecosystem	371
Chapter 21	Conservation	382
