

TABLE OF CONTENTS

Preface	xi
Chapter One.....	1
Dendroarchaeological Studies of Shipwrecks along the Mediterranean Coast of Israel Nili Liphshitz	
Chapter Two	13
Land Use Change in the Lower Alentejo (South of Portugal) and the New Environmental Challenges: The Olive Culture Maria Jose Roxo and Jose Eduardo Ventura	
Chapter Three	29
Characteristics of Forest Fire Databases Designed to Improve Risk Management: Some Reflections on the Portuguese Experience Fantina Tedim and Salette Carvalho	
Chapter Four	45
Crop Yield in Drought-prone Areas: Projections for a Changed Climate with the AquaCrop Model Eline Vanuytrecht and Dirk Raes	
Chapter Five	51
Olive and Olive Oil Culture in the Mediterranean Basin Recep Efe, Abdullah Soykan, İsa Cürebal and Süleyman Sönmez	
Chapter Six	63
Findings Related to Olive at Excavations of (the Ancient City of Adramytteion) Ören Tulin Çoruhlu	
Chapter Seven.....	73
Early Warning Systems and Emergency Plan in Urban Areas: A Study Case Giuseppe Ragonese and Donatella Termini	

Chapter Eight.....	87
Landscape Character Typologization and Mapping of the South Bulgarian Black Sea Coast: The Case Study of the Strandzha Nature Park	
Bilyana Borissova and Alexander Kotsev	
Chapter Nine.....	103
Debris Flow and Sediment in the Roseires Reservoir and the Consequences of Socio-economic and Environmental Impact	
Abdalla Abedlsalam	
Chapter Ten	115
Impact of Global Warming on Eastern Mediterranean High Altitude Plant Biodiversity	
Nisrine Machaka-Houri and Ahmad Houri	
Chapter Eleven	125
Ice Caves as Indicators of Global Change: Example of Slovenia	
Andrej Kranjc	
Chapter Twelve	135
Ozone Monitoring in Some Urban and Mountain Regions of Bulgaria and the Effect of Ozone on Tree Vegetation	
Nikolina Tzvetkova, Petya Parvanova, Svetoslav Anev and Evgeni Donev	
Chapter Thirteen	147
Effects of Long-Term Irrigation with Treated Wastewater on Soil Chemical Properties, Plant Nutrient Status, Growth and Oil Quality of Olive Tree	
Bechir Ben Rouina, Chedlia Ben Ahmed, Saida Bedbabis, M'Birika Baccari and Mekki Boukhris	
Chapter Fourteen	157
About Rate-Setting of Admissible Degree of Pollution of Water Bodies	
Boris Fashcevsy	
Chapter Fifteen	165
Identification of Biodiversity in Olive Cultivation through Molecular Markers	
Meltem Sesli and E. Dilşat Yeğenoğlu	

Chapter Sixteen	175
Soil Organic Carbon Stocks for Different Soil Types in Mediterranean Climate Area: Tunisia Case Study	
Tahar Gallali, Nadhem Brahim, Didier Blavet, Abdraman Abgassi and Martial Bernoux	
Chapter Seventeen	183
Applicable Methods for Minimizing Environmental Risks of Olive Oil Wastewaters	
Utkan Özdemir	
Chapter Eighteen	189
Forest Resources Management Strategies in Edremit Region	
Seçil Yurdakul Erol	
Chapter Nineteen	201
Monitoring of the Radioactivity in Bulgarian Black Sea Coastal Zone: Results from the 1993-2005 Experimental Study	
Blagorodka Veleva, Maria Kolarova and George Mungov	
Chapter Twenty	217
Models for Territorial Re-Equilibrium in Tourism Sector in Sicily (Italy)	
Salvatore Cannizzaro and Gian Luigi Corinto	
Chapter Twenty One	231
The Status of Plant Species in Time on Kaz Mountains	
Nihal Özel, H. Handan Öner, Giyasettin Akbin	
Chapter Twenty Two	245
Drought Assessment of the Kaz Mountains and their Surrounding Area (Northern Aegean Basin)	
Ertan Turgu and Ali Ümran Kömüşçi	
Chapter Twenty Three	261
Water Balance in Soil-Plant-Atmosphere-Continuum (Spac) under Water Stress: A Case Study of Hippophae Rhamnoides and Caragana Intermedia	
Wei-Hua Guo, Bo Li, Xin - Shi Zhang and Ren-Qing Wang	

Chapter Twenty Four.....	271
Using Remote Sensing for Assessing the Impact of Mining Activities in the Kaz Mountains	
Emre Özelkan, Muhittin Karaman and Z. Damla Uça Avcı	
Chapter Twenty Five	283
Neotectonic Development of Drainage Networks Studied Using Geomorphic Indices in Kaz Mountain (Mount Ida), NW Turkey	
Türkan Bayer Altın	
Chapter Twenty Six	299
Delta Degradation as a Global Process	
Vladimir Starodubtsev and Vyacheslav Bogdanets	
Chapter Twenty Seven.....	307
Monitoring the Effects of 18 Mart Can Thermal Power Plant in Forest Ecosystems on Kaz Mountains (8 Year Results)	
Mehmet Sayman, Nihal Özel, Giyasettin Akbin, H. Handan Öner and Seda Şentürk	
Chapter Twenty Eight.....	321
Pistachio: A New Possibility	
Vasko Zlatkovski, Fidanka Trajkova and Sasha Mitrev	
Chapter Twenty Nine.....	333
Geotourism in the Oman Mountains: A Concept of Sustainable Tourism	
Sobhi Nasir	
Chapter Thirty	339
A Gold Mining Gallery Turning into a Natural Cave: Sarmaşıkli Cave (Küçükkuyu – Çanakkale – NW Turkey)	
Lutfi Nazik, Kadir Tuncer, Selahattin Yıldırım, Murat Poyraz and Özgür Sapancı	
Chapter Thirty One.....	347
River Water Regulation under Modern Climate Change Conditions	
Tsisana Basilashvili, Jarji Tabatadze and Magda Janelidze	

Chapter Thirty Two	355
Rural Development and Agriculture: Status and Trends in the Republic of Macedonia	
Ljupco Mihajlov, Vasko Zlatkovski, Fidanka Trajkova and Olivera Bicikliski	
Chapter Thirty Three	365
Possible Impacts of Climate Change on Aegean Basin and Kaz Mountains	
Mustafa Özçağ	
Chapter Thirty Four	373
What Would Dubrovnik be like if the Sea Level Rose by One or Two Meters?	
Katarina Ivanisin Kardum, Krunoslav Ivanisin, Iva Ivas and Lulzim Kabashi	
Chapter Thirty Five	379
Environment Transformation in Georgia as a Result of Climate Change	
Lia Matchavariani and Lamzira Lagidze	
Chapter Thirty Six	393
Northern Labyrinths in Northern Europe: A Key to Time and Space	
Galina Paranina	
Chapter Thirty Seven	409
Mass Movements and Hazard Zonation using Hierarchy Process Method (ahp): A Case Study of Sira Basin	
Maryam Ilanloo, Ebrahim Moghimi, Manije Ghohroudi Tali and Amir Karam	
Contributing Authors	423
