

Contents

Preface.....	ix
Acknowledgments.....	xi
Author	xiii
Chapter 1 Introduction to the Chemical Modification of Proteins	1
References	20
Chapter 2 Alkylating Agents	35
References	96
Chapter 3 Acylating Agents	97
References	124
Chapter 4 Nitration and Nitrosylation.....	127
Nitration.....	138
References	148
Chapter 5 Oxidation.....	161
References	178
Chapter 6 Modification of Proteins with Reducing Agents.....	185
References	204
Chapter 7 Chemical Modification of Cysteine	217
Alkyl Alkanethiosulfonates	283
References	307
Chapter 8 Chemical Modification of Cystine	339
References	364
Chapter 9 Modification of Methionine	377
References	389
Chapter 10 Modification of Carboxyl Groups in Proteins.....	399
References	421

Chapter 11	Modification of Tyrosine Residues.....	435
	References	474
Chapter 12	Modification of Tryptophan	489
	References	512
Chapter 13	Modification of Amino Groups.....	523
	References	563
Chapter 14	Modification of Histidine	581
	References	612
Chapter 15	Modification of Arginine	625
	References	653
Index.....		661
