Part I

Introduction to Barnegat Bay and Northeast Estuaries

Chapter 1

Introduction	3
Objectives of This Book	8
Biomonitoring and Bioindicators	10
Using Colonial Waterbirds as Bioindicators and Sentinels	17
Habitat Diversity and Changes	21
Environmental Contaminants	24
Human Dimensions	25
Barnegat Bay as a Microcosm	27
How People and Biota Use the Bay	27
How People Have Changed the Ecosystem of the Bay	29
How the Physical and Biological Aspects of the Bay Have Influenced People	30
How People Perceive the Bay and Want to See Changes	35
How Perceptions Influence Management and Public Policy	35
Summary and Conclusions	37

Chapter 2

Barnegat Bay and Other Northeast Estuaries	39
Introduction	39
National Estuary Program	39
Water Quality Index	40
Sediment Quality Index	45
Quality Index Comparisons	45
Ecoregions	46
Barnegat Bay Ecosystem	46
Massachusetts Bays and Boston Harbor	53
Buzzards Bay and Nearby Waters	54
Long Island Sound and Peconic Bay	55
New York–New Jersey Harbor	59
Pollution Prevention and Industrial Ecology in the New York–New Jersey Harbor	61
Delaware Bay Estuary	62
Chesapeake Bay	66
Summary and Conclusions	69

Chapter 3

Species, Methods, and Approaches	71
Introduction	71
Ethical Issues in Field Studies	73
Conservation Status Definitions	73
Taxonomy and Nomenclature	73
Primary Species Descriptions	77
Great Egret (<i>Egretta alba</i>)	77
Snowy Egret (<i>Egretta thula</i>)	78
Black-Crowned Night-Heron (<i>Nycticorax nycticorax</i>)	78
Great Black-Backed Gull (<i>Larus marinus</i>)	79
Herring Gull (<i>Larus argentatus smithsonianus</i>)	80
Laughing Gull (<i>Larus atricilla</i> ; Now Placed in Genus <i>Leucophaeus</i>)	80
Common Tern (<i>Sterna hirundo</i>)	81
Forster's Tern (<i>Sterna forsteri</i>)	82
Roseate Tern (<i>Sterna dougallii</i>)	82
Black Skimmer (<i>Rynchops niger</i>)	82
Red Knot (<i>Calidris canutus</i>)	84
Secondary Species Descriptions	84
Brown Pelican (<i>Pelecanus occidentalis</i>)	84
Double-Crested Cormorant (<i>Phalacrocorax auritus</i>)	84
Little Blue Heron (<i>Egretta caerulea</i>)	85
Tricolored Heron (<i>Egretta tricolor</i>)	85
Glossy Ibis (<i>Plegadis falcinellus</i>)	85
Osprey (<i>Pandion haliaetus</i>)	85
Clapper Rail (<i>Rallus longirostris</i>)	87
American Oystercatcher (<i>Haematopus palliatus</i>)	88
Piping Plover (<i>Charadrius melodus</i>)	88
Willet (<i>Tringa semipalmata</i>)	88
Least Tern (<i>Sternula antillarum</i>)	89
Barnegat Bay Methods	89
Habitat Availability, Use, and Selection	91
Population Numbers	93
Collection of Data from Other Bays and Estuaries	94
Collection of Samples for Metal Analysis	95
Biomonitoring Metals in Eggs	97
Biomonitoring Metals in Feathers	97
Tissue Samples	98
Metal Analysis	98
Analysis of Eggs	100
Analysis of Feathers	101
Organs and Tissues	101
Statistical Analysis	101
Statistical Considerations	102
Summary and Conclusions	103

Part II**Habitat and Populations Dynamics****Chapter 4**

Habitat.....	107
Introduction.....	107
Habitat Loss	108
Habitat and Activity	112
Available Habitat and Suitable Habitat	113
Habitat Selection	115
Coloniality.....	116
Factors Affecting Colony and Nest Site Selection	117
Habitat Stability.....	118
Conspecifics and Other Species	118
Competition	120
Predators.....	121
Flooding/Severe Storms	122
Human Activities.....	125
Reproductive Success	126
Temporal, Horizontal, and Vertical Stratification.....	126
Temporal Stratification.....	127
Horizontal Stratification	130
Vertical Stratification	132
Foraging	134
Summary and Conclusions	138

Chapter 5

Population Trends of Colonial Waterbirds in Barnegat Bay.....	139
Introduction.....	139
Barnegat Bay Colonies.....	142
Sandy Beach Habitats	142
Spatial Variation.....	144
Temporal Trends	148
Black Skimmers	148
Common Terns	153
Forster's Terns	155
Great Black-Backed Gull and Herring Gulls	156
Laughing Gulls.....	159
Great Egrets, Snowy Egrets, and Black-Crowned Night-Herons.....	160
Summary and Conclusions	162

Chapter 6

Population Trends of Colonial Waterbirds in Other Northeast Bays.....	165
Introduction	165
Massachusetts Bays and the Region.....	166

Buzzards Bay	169
Long Island Sound	169
New York–New Jersey Harbor Estuary	169
Delaware Bay	175
Heronries	176
Shorebirds	178
Chesapeake Bay	186
Discussion	189
<i>Birds of North America</i> Accounts	189
Other Analyses	191
Role of Reproductive Success	192
Comparisons among Species in the Northeast Bays and Estuaries	193
Increasing Trends	194
Decreasing Trends	194
Variable Trends	195
Summary and Conclusions	196
 Chapter 7	
Global Warming, Sea Level Rise, and Suitable Nesting and Foraging Habitat	197
Introduction	197
Environmental Effects of Global Warming and Sea Level Rise on Coastal Habitats	199
Climate Change and Nonavian Species	202
Climate Change Effects on Birds	203
Effects on Noncoastal Species	203
Effects on Seabirds	204
Effects on Shorebirds	206
Available Habitat and Changes in Barnegat Bay	209
Policies and Perceptions of Sea Level Rise	209
Nesting Birds in Barnegat Bay as a Case Study	210
Colony Site Selection in Common Terns	214
Sea Level Rise and Avian Responses in Barnegat Bay	217
Foraging Birds in Bays and Estuaries	222
Implications for Future Populations	224
Summary and Conclusions	225
 Part III	
Metals	
 Chapter 8	
Overview of Ecotoxicology for Birds	229
Introduction	229
Background on Organic and Inorganic Pollutants	231
Organic Compounds	231
Inorganic Compounds and Metals	232
General Principles Affecting Metals in the Environment	232
Sources of Metals	233
Mixtures	234
Beneficial Uses of Metal Toxicity	234

Exposure Assessment and Toxicokinetics	234
Fate and Transport.....	235
Toxic Effects of Metals and Toxicodynamics	237
Mechanisms of Toxicity	238
No Effect Levels, Effect Levels, and Lethal Doses	238
Vulnerability and Susceptibility.....	240
Tolerance: Adaptation and Evolution	241
Establishing Causation of Toxic Effects	241
Detecting an Event: Is Something Happening Out of the Ordinary?	242
Summary and Conclusions	243
Chapter 9	
Effects of Metals in Birds	245
Introduction	245
Choice of Metals and Metalloids to Study	246
Lead.....	246
Toxicity Effects Levels	247
Our Laboratory Experiments with Lead in Young Terns and Gulls.....	248
Our Neurobehavioral Test Battery	250
Neurobehavioral Development in the Field.....	253
Lead in Feathers of Experimental Birds: Recalculating an Effect Level	255
Mechanisms of Developmental Delay.....	256
Mercury.....	256
Biomethylation and Bioamplification of Mercury.....	256
Methylmercury versus Total Mercury.....	257
Mercury in Feathers and Eggs	258
Mercury Toxicity to Birds	259
Effects Levels for Mercury in Birds.....	261
Studies of Mercury in Eggs.....	262
Developmental Defects.....	263
Mercury Effects in Songbirds of Terrestrial Ecosystems	264
Mercury Studies in Florida Egrets and Ibis	265
Mercury in Herons in Nevada.....	267
Cadmium.....	268
Cadmium Levels in Birds.....	268
Effects Levels	269
Biomonitoring for Cadmium with Feathers and Eggs	270
Selenium.....	270
Teratogenesis	271
Selenium Poisoning of Birds in California	271
Effects Levels for Selenium	271
Manganese	272
Chromium	273
Arsenic	273
Arsenical Feed Additives	274
Summary and Conclusions	275
Appendix.....	275

Part IV**Implications, Conclusions, and the Future****Chapter 14****Heavy Metals, Trophic Levels, Food Chains, and Future Risks 427**

Introduction 427

Effects Levels and Individual Variation 427

Levels in Feathers Associated with Effects 429

Levels in Eggs Associated with Effects 434

Building Food Chains 437

Implications for People 438

Human Exposure to Mercury from Fish 441

Lessons Learned 445

Summary and Conclusions 448

Appendix 449

Chapter 15**Colonial Waterbirds—The Future 453**

Introduction 453

Current Status of Waterbird Populations in Northeast Bays 456

Indices of Vulnerability and Risks of Species 456

Habitat, Populations, and Risk 459

Metals and Risks 460

Management and Control of Risk 462

Recovery, Resiliency, and Adaptations 462

Avian Options 464

Management Options: Building an Ecological Ark 466

Restoration Examples for Northeast Estuaries 471

Summary and Conclusions 475

Color Images 479
