<i>Preface</i>	v
----------------------	---

The Plant Cell Cycle

1. Plant Cell Cycle Transitions	3
<i>José Antonio Pedroza-Garcia, Séverine Domenichini and Cécile Raynaud</i>	
2. Discovering the World of Plant Nuclear Proteins	22
<i>Beáta Petrovská, Marek Šebela and Jaroslav Doležal</i>	
3. Plastid Division	37
<i>Kevin A. Pyke</i>	
4. Mitochondrial and Peroxisomal Division	51
<i>Shin-ichi Arimura and Nobuhiro Tsutsumi</i>	
5. Mechanisms of Organelle Inheritance in Dividing Plant Cells	66
<i>Michael B. Sheahan, David W. McCurdy and Ray J Rose</i>	
6. Cell Division and Cell Growth	86
<i>Takuya Sakamoto, Yuki Sakamoto and Sachihiro Matsunaga</i>	

Plant Cell Enlargement

7. Organization of the Plant Cell Wall	101
<i>Purbasha Sarkar and Manfred Auer</i>	
8. Biosynthesis and Assembly of Cellulose	120
<i>Candace H. Haigler, Jonathan K. Davis, Erin Slabaugh and James D. Kubicki</i>	
9. Signaling - Dependent Cytoskeletal Dynamics and Plant Cell Growth ...	139
<i>Stefano Del Duca and Giampiero Cai</i>	
10. The Regulation of Plant Cell Expansion— Auxin-Induced Turgor-Driven Cell Elongation	156
<i>Koji Takahashi and Toshinori Kinoshita</i>	

11. **How Plant Hormones and Their Interactions Affect Cell Growth**..... 174
*Stephen Depuydt, Stan Van Praet, Hilde Nelissen,
Bartel Vanholme and Danny Vereecke*

Plant Cell Differentiation

12. **Cellular Dynamics of the Primary Shoot and Root Meristem**..... 199
Lam Dai Vu and Ive De Smet
13. **The Cell Cycle in Nodulation**..... 220
Jeremy D. Murray
14. **Cellular and Molecular Features of the Procambium and Cambium
in Plant Vascular Tissue Development**..... 236
Xin-Qiang He and Li-Jia Qu
15. **Asymmetric Cell Division in the Zygote of Flowering Plants:
The Continuing Polarized Event of Embryo Sac Development** 257
*Arturo López-Villalobos, Ana Angela López-Quiróz and
Edward C. Yeung*
16. **Plant Stem Cells** 284
Samuel Leiboff and Michael J Scanlon
17. **Transdifferentiation: a Plant Perspective** 298
Suong T.T. Nguyen and David W. McCurdy
18. **Genetic Reprogramming of Plant Cells *In Vitro* via
Dedifferentiation or Pre-existing Stem Cells**..... 320
Ray J Rose
19. **Death and Rebirth: Programmed Cell Death during
Plant Sexual Reproduction**..... 340
David J.L. Hunt and Paul F. McCabe
20. **Storage Cells – Oil and Protein Bodies**..... 362
*Karine Gallardo, Pascale Jolivet, Vanessa Vernoud,
Michel Canonge, Colette Larré and Thierry Chardot*
- Index** 383
