
Contents

Series Preface.....	vii
Preface.....	ix
Contributors	xi

SECTION I *Signaling Pathways Regulating Autophagy*

Chapter 1 Regulation of Autophagy by AMPK.....	3
<i>Yi Ren, Han Xie, and Han-Ming Shen</i>	
Chapter 2 Signal Regulation of WIPI Protein Function in Macroautophagy.....	25
<i>Theresia Zuleger and Tassula Proikas-Cezanne</i>	

SECTION II *Autophagy and Cell Fate*

Chapter 3 Cross Talk between Autophagy and Cell Death Pathways: Toward Understanding a System.....	43
<i>Chrisna Swart, Andre Du Toit, and Ben Loos</i>	
Chapter 4 Autophagy, Cellular Senescence, and Cancer.....	67
<i>Cheng Bing and Karen Crasta</i>	

SECTION III *Autophagy in Immunity and Metabolism*

Chapter 5 Autophagy and Regulation of Immune Response.....	93
<i>Rut Valdor</i>	
Chapter 6 Cilia-Related Autophagy in Nutrient Sensing.....	119
<i>Olatz Pampliega and Patrice Codogno</i>	
Chapter 7 Regulation of Lipophagy.....	147
<i>Nuria Martinez-Lopez</i>	

SECTION IV Autophagy in Neural Homeostasis and Neurodegeneration

Chapter 8	Mitophagy and Neurodegeneration.....	175
	<i>Kah-Leong Lim, Hui-Ying Chan, Grace G.Y. Lim, and Tso-Pang Yao</i>	
Chapter 9	Aggrephagy.....	193
	<i>Sijie Tan and Esther Wong</i>	
Chapter 10	Chaperone-Mediated Autophagy and Neurodegeneration.....	217
	<i>Moumita Rakshit and Esther Wong</i>	
Chapter 11	Autophagy in Synaptic Structure and Function.....	241
	<i>Guomei Tang, Sheng-Han Kuo, and David Sulzer</i>	
Index		263
