

Contents

Preface		ix
About the Editors		xi
Section I: Microbial Research		1
Chapter 1	Microbial Spoilage of Muscle Food and Related Consumer Health Safety Aspects <i>Ashok K. Pathera, Naveen Kumar, Praveen Saini and Manish Kumar</i>	3
Chapter 2	Arsenic Resistant <i>Microbacterium</i> species and Evolution of Arsenic Resistance in Bacteria Isolated from Soil Receiving Textile Discharge <i>Pallavi Kaushik, Megha Mathur, Neha Rawat, Tanushree Saxena, M. Krishna Mohan, S. J. S. Flora and Pradeep Bhatnagar</i>	9
Chapter 3	Restriction Enzyme Analysis Based Differentiation of Indian Isolates of <i>Bluetongue Virus-1</i> Isolated from Northern and Southern States of India <i>P. Minakshi, K. Ranjan, S. Dahiya, K. Pawan, Rupinder, Shafiq, Anshul, R. Dalal, Harimohan and G. Prasad</i>	17
Section II: Plant Research		25
Chapter 4	Development of Tomato Leaf Curl Virus Disease (ToLCV) Resistant Tomato [(<i>Solanum lycopersicum</i> Mill.) Wetted] Hybrids <i>G. D. Katkar, O. Sridevi, S. B. Revanappa, R. S. Mane, P. H. Kuchnur and P. M. Salimath</i>	27
Chapter 5	Effect of Sodium Fluoride on Photosynthetic Pigments and Antioxidant Enzyme Activity in <i>Prosopis juliflora</i> <i>Poonam Saini, Suphiya Khan, Mamta Baunthiyal and Vinay Sharma</i>	33

Chapter 6	Quantitative Estimation of Total Free Amino Acids from Different Parts of <i>Moringa oleifera</i> Under Stress Condition <i>Nidhi Udsaria, Sunita Gautam, O. P. Jangir, Govind Gupta, Ambika Yadav and Mithilesh Sharma</i>	41
Chapter 7	Arsenic-Mediated Oxidative Stress and Antioxidant Defense System in Chloroplast Isolated from Legumes with Differential Sensitivity <i>Iti Sharma and B. N. Tripathi</i>	47
Chapter 8	From an Obscure Legume <i>Macrotyloma uniflorum</i> (Horse Gram) to an Appetizing Food Product Churma <i>Archana and Sheel Sharma</i>	53
Chapter 9	Biochemical Responses of the <i>in vitro</i> Regenerated Plants of <i>Dianthus</i> Subjected to Copper Stress <i>Meghana Agrawal and Smita Purohit</i>	61
Chapter 10	Exploration and Utilization of Garden Cress Seeds (<i>Lepidium sativum</i>) through Product Development Endeavour <i>Nidhi Agarwal and Sheel Sharma</i>	69
Chapter 11	Effects of Heavy Metals (Zinc and Copper) on <i>Eleusine coracana</i> (L.) Gaertn (Cereal) <i>Suman Krishania and Kalpana Agarwal</i>	75
Section III: Animal Research		89
Chapter 12	Restriction Enzyme Analysis Based Differentiation of Indian and Global Isolates of <i>BT21</i> <i>M. Shafiq, P. Minakshi, Anshul K. Ranjan, Pawan Ravinder and G. Prasad</i>	91
Chapter 13	Teratological Study of Formulations of Two Insecticides: Deltamethrin and Dicofol in the Chick Embryo <i>K. Nitu, L. Shahani, N. Taparia and P. Bhatnagar</i>	97
Chapter 14	Protective Effect of Bark Extracts of <i>Albizia lebbek</i> Benth on Peptic Ulcers Induced by Physical and Chemical Agents in Rodents <i>K. Manjulatha</i>	105
Chapter 15	<i>Ganoderma lucidum</i> as a Strategy for Degradation of Xenobiotics <i>P. Batra and R. Khajuria</i>	113
Chapter 16	Flavored Milk Prepared from Soy Extract-Cow Milk: A Promising Nutritional Intervention at Cow Cost <i>P. Verma and S. Sharma</i>	119
Chapter 17	Effect of Insecticide Formulation of Deltamethrin (Decis®) on Gross Morphology of Embryo of <i>Gallus domesticus</i> <i>L. Shahani, K. Nitu, N. Taparia and P. Bhatnagar</i>	125

Chapter 18	Protective Action of an Antioxidant Combination in Liver of Acutely Lindane Intoxicated Mice <i>Anupama Sharma, Renu Bist and D. K. Bhatt</i>	133
Chapter 19	Role of Probiotics in Controlling the Epizootic Ulcerative Syndrome Disease in Mrigal (<i>Cirrihinus mrigala</i> Ham.) <i>Parvati Sharma, R. C. Sihag and P. Minakshi</i>	141
Chapter 20	<i>In vivo</i> Aspirin Induced Peptic Ulcer Study of <i>Albizzia lebbeck</i> Benth in Rodents <i>K. Manjulatha, B. Jaishree and M. G. Purohit</i>	149
Chapter 21	NeuroAIDS: A Health Concern <i>Ashish Swarup Verma., Sneha Sharan and Anchal Singh</i>	157
Chapter 22	Effect on Sperm Count and Biochemical Parameters in Male Swiss Albino Mice Fed on the Food Exposed to Microwave Radiations <i>P. Mathur Priyanka, R. Sethi and P. Bhatnagar</i>	165
Chapter 23	Quinalphos, an Organophosphate Insecticide Induces Teratological Changes in the Embryos of <i>Gallus domesticus</i> <i>N. Taparia, P. Mathur, K. Nitu, L. Shahani and P. Bhatnagar</i>	171
Index		177
