

CONTENTS

Preface		xi
Biotechnology and Conservation of Species from Arid Regions. Volume 1		1
Chapter 1	Scope of Biotechnology in Oman <i>Saif N. Al Bahry, Nallusamy Sivakumar and Salma K. Al-Musharafi</i>	3
Chapter 2	Stem Cells: Therapeutic Alternatives of Nervous Tissue Injuries in the Neurotmesis of Sciatic Nerve in Rabbits <i>Karim Al-Jashamy and Hameed Al-Timmemi</i>	23
Chapter 3	Comparison of Omentum Pedicle and Autogenous Bone Marrow Stromal Cells Implantation Effectiveness on Peripheral Nerve Regeneration <i>H. A. Al-Timmemi, R. Ibrahim, A. Z. Zuki, T. I. Azmi and K. Al-Jashamy</i>	31
Chapter 4	Immunolocalization of Androgen Receptor in the Ovary of the Bedouin Goat (<i>Capra hircus</i>) in Non-Breeding Season <i>S. Kassouri, N. Boukenaoui, S. Charallah, Z. Amirat and F. Khammar</i>	43
Chapter 5	Reference Values for Haematological, Biochemical and Physiological Parameters in Arabian Oryx <i>Mansoor H. AlJahdhami, J. Anne Brown, Abulaziz Y. A. Alkindi, Khalid AlRasbi and Elias Nikolakopoulos</i>	47
Chapter 6	Trials on Treatment of Cryptosporidiosis in BALB/c Mice. Shedding of Oocysts <i>Nabeel E. Salih and Seena A. A. Al-Jarjary</i>	65
Chapter 7	A Microsatellite Population Genetic Analysis of the Small-Scaled Grouper, <i>Epinephelus polylepis</i> , in the Gulf of Oman and Arabian Sea <i>W. N. Al-Amry and W. F. Hutchinson</i>	71

Chapter 8	Histopathological Effects of Variable Doses of Hydroxyurea in Male Swiss Rats <i>Fatima. Q. M. Al-Hayyali, Hamad. J. Al- Jumaily and Hafidh. I. Al-Sadi</i>	93
Chapter 9	Relationship between Age, Breed, Body Weight, Gestational Status and Parity on the Body Condition Score of Omani Breeding Camels <i>S. Mathan Kumar, E. H. Johnson and D. A. El-Badry</i>	101
Chapter 10	First Report about Growth, Partial Record Egg Production and Morphological Characters of a Newly Characterized Native Saudi Chicken Lines Hajar 1 and Hajar 2 <i>A. S. Ahmed and A. H. Al Abbad</i>	105
Chapter 11	Lizards Biodiversity in Arid Regions of Iraq <i>Zohair I. F. Rahemo and Serbaz I. Mohamad</i>	115
Chapter 12	Environmental Changes and Their Effects on the Fate of Sea Turtle Reproductive Potential and Conservation <i>I. Y. Mahmoud, S. K. Al-Musharafi, S. N. Al-Bahry and I. S. Al-Amri</i>	125
Chapter 13	Analysis of Heavy Metal in Eggshells of Green Turtles, <i>Chelonia mydas</i> , by Scanning Electron Microscopy and X-Ray Microanalysis <i>S. K. Al-Musharafi</i>	137
Chapter 14	Distribution of Rh Blood Group in Tabuk, Kingdom of Saudi Arabia <i>Amal Ibrahim Zair, Ahlaam Rajaa Al Shahrani, Shafiq Hussain and S. A. Farooq</i>	145
Chapter 15	A Comparison between Representative Types of Platyhelminthes in Their Nervous Components <i>Zohair I. F. Rahemo</i>	151
Chapter 16	Effect of the Nature of the Feeding Resource on <i>In Vitro</i> Gas Production Kinetics Using Rumen Fluid of Slaughtered Dromedary <i>R. Arhab, M. Aggoun and H. Zitouni</i>	161
Chapter 17	Dietary Manipulation of the Fatty Acid Content of Farmed Red Hybrid Tilapia, <i>Oreochromis sp.</i> <i>Ahmed Al-Souti</i>	169
Chapter 18	Determination of the Botanical and Geographical Origins of Honey in Northern Oman <i>Alia Sajwani and Sardar A. Farooq</i>	181
Chapter 19	Establishment of Short and Long-Term Storage Protocol for Oil Palm (<i>Elaeis guineensis</i> Jacq.) Polyembryoids <i>Uma Rani Simmiah, Sharmila R. Palanyandy, Maheran A. Aziz and Sreeramaman Subramaniam</i>	193

Chapter 20	ISSR Phylogenetic Diversity of <i>Sorghum bicolor</i> (L.) Moench Accessions from Different Regions in Sudan <i>Haitham K. A. EL-Amin and Nada B. Hamza</i>	199
Chapter 21	Genetic Variability and Molecular Fingerprinting of Some Wild Egyptian Gramineae Plants <i>Hadia A. Heikal, Effat Badr, H. F. Elwakil, Y. Mabrouk, O. M. Badawy, M. El-Seehy, Y. Moustafa and Sarah Aggag</i>	209
Chapter 22	Genetic Distance and Its Association with F1 Interspecific Hybrids Performance and Heterosis for Yield Components and Fiber Properties in Cotton <i>Yanal A. Alkuddsi, S. S. Patil, S. M. Manjula, H. L. Nadaf and B. C. Patil</i>	223
Chapter 23	Biostic Delivery of Plasmid DNA in Omani Date Palm <i>S. A. Farooq, S. H. Al Rashdi and T. T. Farook</i>	237
Chapter 24	The Genomic DNA Structure in Somatic Embryogenesis of Date Palm (<i>Phoenix dactylifera</i> L.) by Flow Cytometric, RAPD and AFLP Analysis <i>D. Yatta El Djouzi, F. Abed, B. Amara, M. S. Yakhou and F. Benhafs</i>	241
Biotechnology and Conservation of Species from Arid Regions. Volume 2		253
Chapter 25	AFLP Genotyping for Plant Genetic Resources Use in Crop Improvement: Models for Predicting Hybrid Performance among Accessions from the USDA Alfalfa Core Collection <i>A. H. Al Lawati and I. M. Ray</i>	255
Chapter 26	Somatic Embryogenesis from Offshoot of Different Cultivars of Date Palm (<i>Phoenix dactylifera</i> L.) of Three Regions of Southern Algeria <i>F. Abed, D. Yatta, B. Amara, M. S. Yakhou and F. Benhafs</i>	275
Chapter 27	Managing High Altitude Forests for Climate Change Mitigation and Biodiversity Conservation: Lessons for the Management of Forests in Al Jebel Al Akhdar Mountain Range in Oman <i>Mekuria Argaw, Adugna Feyissa and Tulu Tola</i>	287
Chapter 28	Adaptive Strategy of <i>Pistacia atlantica</i> Desf. Subsp. <i>atlantica</i> Populations: Foliar Epidermal Micromorphology <i>M. Tirse, H. Benhassaini, K. Sail and G. Bassou</i>	303

Chapter 29	Antimicrobial Compounds from <i>Ethano-Medicinal</i> Plants of Oman <i>Khamis S. Al-Dhafri, Sardar A. Farooq,</i> <i>Elsadig Eltayeb and Saif N. Bahry</i>	311
Chapter 30	Antioxidant Content of Hot Pepper from the USDA National Collection <i>T. S. Kochhar and G. F. Antonious</i>	327
Chapter 31	The Bio-Toxic Effect of Essential Oils of <i>Peganum harmala</i> L. (Zygophyllaceae) on the <i>Schistocerca gregaria</i> (Forskål, 1775) (Orthoptera-Acrididae) <i>Kemassi Abdellah, Ould El Hadj-Khelil Aminata,</i> <i>Boual Zakaria, Hamid Oudjani Aicha</i> <i>and Ould El Hadj Mohamed Didi</i>	337
Chapter 32	Effect of Tannins on <i>In Vitro</i> Gas Production and Digestibility of Feedstuffs from North African Arid Zone <i>R. Arhab, D. Macheboeuf, M. Aggoun,</i> <i>D. Viala and J. M. Besle</i>	347
Chapter 33	Polyphenols Content and Antioxidant Properties of Extracts from Selected Hypotensive Plants in Algeria <i>Amel Bouaziz, Seddik Khenouf, Assia Bentahar,</i> <i>Saliha Djidel, Saliha Dahamna and Smain Amira</i>	363
Chapter 34	Antimicrobial Bioactive Compound Isolated from <i>Podaxis pistillaris</i> in Southern Iraq <i>Tawfik M. Muhsin, Abdul-Hafiz A. Al-Duboon</i> <i>and Kawther T. Khalaf</i>	371
Chapter 35	Biocide Effects of Alkaloids and Saponins Extracted from <i>Narcissus broussonetii</i> (Larg.) (Amaryllidaceae) on <i>Bemisia tabaci</i> (Gennadius) (Homoptera:Aleyrodidae) <i>Mina Moussaid, Chadi Berhal and Hassane Moussaid</i>	381
Chapter 36	Existence for Two Ploidy Levels in a Relict Olive Population of Hoggar (Algeria) <i>D. Baali-Cherif, G. Besnard and MS. Abdellaoui</i>	393
Chapter 37	Kinetic Study of Enzymatic Hydrolysis of Starch Isolated from Sorghum Grain Cultivars by Various Methods <i>Rachid Souilah, Nadia Boudries, Djaffar Djabali,</i> <i>Badreddine Belhadi and Boubekeur Nadjemi</i>	401
Chapter 38	Effect of Starch Isolation Methods on Starch Recovery and Physicochemical Properties for Algerian Sorghum (<i>Sorghum bicolor</i> L. Moench) <i>B. Belhadi, D. Djabali, R. Souilah, M. Yousfi</i> <i>and B. Nadjemi</i>	411

Chapter 39	Growing Tomato in Salty Soil: Screening <i>Ahmed Al-Busaidi, Salim Al-Rawahy and Mushtaque Ahmed</i>	419
Chapter 40	Vinblastine Production Induced by Tryptophan in Callus Culture of <i>Catharanthus roseus</i> L. <i>Hana S. Al-Salih</i>	431
Chapter 41	Antimutagenic Potential of Olive Oil on Chromosomal Aberrations in <i>Vicia faba</i> Root Tip <i>Galawezh O. Othman and Kazhal M. Sluiman</i>	441
Chapter 42	Reduction of Water Stress Effect by Seaweed Liquid Extract Used As Foliar Spray of <i>Triticum durum</i> Variety Karim <i>Salma Latique, Mounir Mansori, Halima Chernane and Mimoun El Kaoua</i>	447
Chapter 43	Indigenous Bacterial Consortia from Oil Wells and Their Role in <i>In-Situ</i> Microbial Enhanced Oil Recovery <i>Ratiba A. Al-Maaini, Saif N. Al-Bahry, Abdulkader E. Elshafie, Yahya M. Al-Wahaibi, Ali S. Al-Bimani, Sanket J. Joshi and Wafa J. Al-Alawi</i>	455
Chapter 44	Biosurfactant Mediated Microbial Enhanced Oil Recovery and Potential for Application in Some Omani Oil Fields <i>Yahya M. Al-Wahaibi, Saif N. Al-Bahry, Abdulkader E. Elshafie, Ali S. Al-Bemani and Sanket J. Joshi</i>	471
Chapter 45	Improving the Catalytic Properties of Pectinase from <i>Bacillus licheniformis</i> KIBGE-IB 21 by Entrapment in Calcium Alginate Beads <i>Haneef Ur Rehman, Shah Ali Ul Qader and Afsheen Aman</i>	489
Chapter 46	Potential of Microbial Biotechnology in Heavy Oil Enhanced Recovery <i>Balqees S. Al-Hinai, Saif N. Al-Bahry, Abdulkader E. Elshafie, Yahya M. Al-Wahaibi, Ali S. Al-Bemani and Sanket J. Joshi</i>	495
Chapter 47	Screening and Antimicrobial Activity of Actinomycetes Strains Isolated from Extreme Ecosystems of Algeria <i>M. Kitouni and L. Oulmi</i>	507
Chapter 48	Microbial Cellulases and Its Potential Applications in Oman <i>Amira A. Al Zadjali, Saif N. Al Bahry and Nallusamy Sivakumar</i>	515

Chapter 49	Application of Molecular Biology Methods in Identifying Biosurfactant Producers from Oil Contaminated Sites <i>Asma K. Al-Bahri, Saif N. Al-Bahry, Abdulkadir E. Elshafie, Yahya M. Al-Wahaibi, Ali S. Al-Bemani and Sanket J. Joshi</i>	527
Chapter 50	The Influence of Bacterial Solution on the Mineral Surface Characterization <i>Mahvash Karimi, Mazyar Mahmoodi, Ali Niazi and Shahab Ayatollahi</i>	541
