

CONTENTS

Preface		vii
Chapter 1	Importance of Benthos in the Trophic Structure of the Ichthyofauna of Los Frailes Reef, Gulf of California, Mexico <i>X. G. Moreno-Sánchez, D. S. Palacios-Salgado, L. A. Abitia-Cárdenas, O. Escobar-Sánchez, M. S. Irigoyen-Arredondo, Jorge S. Ramirez Perez and D. P. Ramírez-Lara</i>	1
Chapter 2	Marine Seaweeds of the Yucatan Peninsula: Diversity, Economic Importance and Conservation <i>Catalina Mendoza-González, Luz Elena Mateo-Cid, Deisy Yazmín García-López, Julio A. Acosta-Calderón, Alessandry Vázquez-Rodríguez, C. Mariana Hernández-Casas and A. Gerardo A. Garduño-Acosta</i>	39
Chapter 3	Benthic Assemblages in South American Intertidal Rocky Shores: Biodiversity, Services, and Threats <i>Patricia Miloslavich, Juan José Cruz-Motta, Alejandra Hernández, César Herrera, Eduardo Klein, Francisco Barros, Gregorio Bigatti, Maritza Cárdenas, Alvar Carranza, Augusto Flores, Patricia Gil-Kodaka, Judith Gobin, Jorge Gutiérrez, Marcos Krull, Juan F. Lazarus, Edgardo Londoño, Tito Lotufo, Erasmo Macaya, Elba Mora, Sergio Navarrete, Gabriela Palomo, Mirtala Parragué, Franciane Pellizzari, Rosana Rocha, Leonardo Romero, Roberto Retamales, Roger Sepúlveda, Michelle C. Silva and Sabrina Soria</i>	83
Chapter 4	Evaluation of Biomass and Reproductive Aspects of Invasive Algae <i>Acanthophora spicifera</i> in Punta Roca Caimancito B.C.S Mexico <i>Valerie Chantal Gabrielle Schnoller, Juan Manuel López Vivas, Rafael Riosmena-Rodríguez and Jorge Manuel López Calderón</i>	139

Chapter 5	Environmental Impacts on Marine Benthic Communities in an Industrialized Caribbean Island-Trinidad and Tobago <i>Judith F. Gobin</i>	169
Chapter 6	Prediction of <i>Zostera marina</i> Shoot Growth, Leaf Production, Leaf Area and Shoot Weight Using the Sheath Length <i>Alf E. Meling-López, Silvia E. Ibarra-Obando, Horacio de la Cueva, Rafael Riosmena-Rodríguez, Pedro Ortega Romero and Adriana Leticia Navarro Verdugo</i>	181
Chapter 7	Distribution and Ecology of the Pacific Lobsterette <i>Nephropsis occidentalis</i> Faxon, 1893 (Crustacea, Decapoda, Astacidea), on the Continental Slope Off Western Mexico <i>Vanessa Papiol, Michel E. Hendrickx and David Serrano</i>	197
Chapter 8	Sea Turtles as Ecosystem Indicators: Situation in Mexico <i>María Mónica Lara Uc and Rafael Riosmena-Rodríguez</i>	225
Chapter 9	Similarity in Mollusk Assemblages Associated with Conspicuous Habitat Formers in Northwest México <i>María del Carmen Méndez Trejo and Rafael Riosmena-Rodríguez</i>	241
Chapter 10	A Critique of the Environmental Impact Studies in México Based on Two Study Cases <i>Rafael Riosmena-Rodríguez and Rocío Marcín-Medina</i>	255
