The 'People and Plants' Initiative	<i>Alan Hamilton</i>	ix
Panel of Advisers		xi
Preface		xii
Acknowledgements		xiv
1 The nature of plant invasion		1
1.1 What are invasive plants?		1
1.2 Plant invasion and conservation		2
1.3 Where is invasion happening?		7
2 How invasion occurs		15
2.1 Process of invasion		15
2.2 Historical aspects of plant translocation		19
2.3 Characteristics of invasive species		24
2.4 Taxonomic patterns of invasion		29
2.5 Predicting invasion		30
3 Action against invasive plants		35
3.1 Education and awareness		35
3.2 Legislation		36
3.3 Preventing introduction and spread		38
3.4 Information and recording		41
3.5 Planning a control program		43
3.6 Physical control		47
3.7 Chemical control		50
3.8 Biological control (biocontrol)		53
3.9 Environment management control		58

3.10 Prospects for the future	59
4 Case studies of some important invasive species	61
4.1 Introduction	61
4.2 Species accounts	62
<i>Acacia saligna</i> (Labill.) Wendl. (Leguminosae)	62
<i>Andropogon virginicus</i> L. (Gramineae)	67
<i>Clematis vitalba</i> L. (Ranunculaceae)	69
<i>Clidemia hirta</i> (L.) D.Don. (Melastomataceae)	73
<i>Hakea sericea</i> Schrad. et Wendl. (Proteaceae)	76
<i>Lagarosiphon major</i> (Ridl.) Moss (Hydrocharitaceae)	79
<i>Lantana camara</i> L. (Verbenaceae)	82
<i>Melaleuca quinquenervia</i> (Cav.) Blake (Myrtaceae)	86
<i>Mimosa pigra</i> L. (Leguminosae)	90
<i>Myrica faya</i> Ait. (Myricaceae)	95
<i>Passiflora mollissima</i> (H.B.K.) Bailey (Passifloraceae)	98
<i>Pinus radiata</i> D.Don (Pinaceae)	103
<i>Pittosporum undulatum</i> Vent. (Pittosporaceae)	107
<i>Psidium cattleianum</i> Sabine (Myrtaceae)	111
<i>Rhododendron ponticum</i> L. (Ericaceae)	114
<i>Salvinia molesta</i> D.Mitch. (Salviniaceae)	119
<i>Sesbania punicea</i> (Cav.) Benth. (Leguminosae)	123
5 Representative invasive species	127
5.1 Key to brief accounts of invasive species	127
5.2 Species list	129
Appendices	201
Appendix A – Use of herbicides: some environmental cautions	201
Appendix B – A selection of relevant addresses	203
Glossary	207
References	211
Index	233
