

Contents

- 1 Diel timing and lunar periodicity of larval release by the caryophyllid coral, *Euphyllia glabrescens* in the Central Philippines 1
Antonio N. Ayop, Filipina B. Sotto, Ethel C. Wagas
- 2 Preservation, management and rational exploitation of anadara (*Anadara broughtonii*, Schrenck, 1867) resources in Primorye region of Russia 8
Larisa S. Afeychuk
- 3 Shallow-water Indo-Pacific black corals (Anthozoa: Hexacorallia: Antipatharia) from the eastern part of Mactan Island, Cebu, Central Philippines 13
Filipina B. Sotto, Kurt Bryant B. Bacharo, Antonio N. Ayop, Clyde Kristoffer Ceniza, Nico Brian Uy, Pierre Anthony Gwen Abella
- 4 New data on size composition, age and growth of the bivalve *Serrripes groenlandicus* (Mohr, 1786) in Peter the Great Bay, Sea of Japan 18
Evgeniy E. Borisovets, Roman V. Vlasenko, Dmitriy A. Sokolenko, Yulia O. Neznamutdinova
- 5 Modern state of the snow crab opilio stock and nearest prospects of its fishery in the western Bering Sea 23
Pavel A. Fedotov, Evgeniy E. Borisovets, Maria O. Chalienko
- 6 Protozoa in Binh Cang – Nha Trang Bay 27
Vinh Nguyen-Tam, Hai Doan-Nhu
- 7 Observed thermohaline structure of mesoscale eddies and their controlling effects on the distribution of *in situ* chlorophyll and suspended particulate matter in the western North Pacific 33
Wei Gao, Zhenyan Wang

8 Isolation and phylogenetic analysis of epiphytic bacteria from mussels collected from the cold seep.....	39
Wenjie Guo, Jin Zhao, Hongtao Qi, Peng Jiang, Fuchao Li, Ronggui Li	
9 Annual variation of tintinnid (Ciliophora, Tintinnida) species richness in Jiaozhou Bay, a temperate bay of west Pacific	41
Meiping Feng, Chaofeng Wang, Guangtao Zhang, Weiding Wang, Henglong Xu, Wuchang Zhang, Tian Xiao	
10 Bottom hypoxia in the Bosphorus Eastern Strait (Peter the Great Bay, Sea of Japan/ East Sea)	44
Nina I. Grigoryeva	
11 Research of larvae development of Asia-Pacific sea urchins and its importance for science-based aquaculture.....	47
Salim Sh. Dautov, Tatiana N. Dautova	
12 Feeding mode diversity in Octocorallia can reflect their evolutionary determined taxa and morphology diversity	51
Tatiana N. Dautova, Sergey I. Kiyashko	
13 Variation of macrofaunal community in a section of the East China Sea: Influence of the Kuroshio	58
Yong Xu, Xinzheng Li	
14 Status of environmental factors and milky haemolymph disease of spiny lobster (<i>Panulirus</i> spp.) from lobster farms in the South Central Vietnam	59
Dao Thi Thanh Thuy, Vo Van Nha	
15 Effective calcium carbonate biomineralization by marine actinobacterium <i>Brevibacterium lines</i> BS258.....	64
Yuying Zhu, Ning Ma, Weihua Jin, Shimei Wu, Chaomin Sun	
16 Fouling by pelagic Lepadidae (Crustacea) in coastal waters of the South China Sea: comparative analysis.....	66
Igor N. Iljin, Yury L. Kovalchuk, Oleg P. Poltarukha	

17	Temperature and salinity variations in the Bay Lagoon currents based on observation data of the Project name "Spiny lobster aquaculture development in Indonesia, Vietnam and Australia"	70
	Nguyen Truong Thanh Hoi, Tran Van Chung, To Duy Thai, Ngo Manh Tien	
18	Characteristics of current in Khanh Hoa coastal area from fieldtrips of Vietnam-Russian cooperation during 2010–2011	76
	Nguyen Truong Thanh Hoi, Pham Sy Hoan	
19	Distribution features of temperature, salinity in Ninh Thuan waters in typical conditions	77
	Nguyen Truong Thanh Hoi, Nguyen Duc Thinh, Le Dinh Mau, Pham Xuan Duong, Nguyen Van Tuan, Pham Sy Hoan, Nguyen Chi Cong	
20	Comparative analysis of ultrastructure of gametes <i>Stichaeus nozawai</i> and <i>Stichaeus grigorjewi</i> (Pisces: Stichaeidae)	80
	Svetlana Yu. Neznanova	
21	Color morphs and life history traits of freckled goatfish <i>Upeneus tragula</i> (Mullidae)	85
	Dimitri A. Pavlov, Natal'ya G. Emel'yanova	
22	Coastal currents from Da Nang to Binh Thuan area (Vietnam) from a 3-D simulation	90
	Pham Xuan Duong, To Duy Thai	
23	Salinity variability in the Indonesian seas contributes to modulating the Indonesian Throughflow	91
	Shijian Hu, Janet Sprintall	
24	Long-term changes of vertical distribution of the intertidal macrobenthic communities in Pervukhina Bay (Kunashir Island, South Kurile Islands)	94
	Elena E. Kostina, Alexandra P. Tsurpalo	
25	The first data about the intertidal macrobenthic communities in Habomai Islands (Lesser Kuril Ridge)	98
	Alexandra P. Tsurpalo, Elena E. Kostina	

- 26 Sustainable exploitation of the *Saccharina japonica* (laminaria) fields in Primorye (Sea of Japan) by cultivation and revegetation 104
Tatyana N. Krupnova
- 27 Species richness of the bivalve molluscan fauna of the Sea of Japan: toward an inventory of the entire sea 108
