

Contents

Chapter 1	Biodiversity of Arbuscular Mycorrhizal Fungi in China.....	1
Chapter 2	Biodiversity of Arbuscular Mycorrhizal Fungi in Forest Ecosystem.....	12
Section 1	Observations of Arbuscular Mycorrhizas on Dipterocarpaceae Grown in Tropical Rainforest in China.....	12
Section 2	Arbuscular Mycorrhizal Fungi Associated with the Meliaceae.....	24
Section 3	Diversity and Mycorrhizal Status of AM Fungi from a Tropical Rainforest in Wuzhi Mountain of Hainan Island, China.....	33
Section 4	Natural Forest and Forest Plantation Affect Diversity of Arbuscular Mycorrhizal Fungi in the Rhizosphere of Dipterocarpaceae	41
Chapter 3	Biodiversity of Arbuscular Mycorrhizal Fungi in Desert or Desert-steppe Ecosystem	51
Section 1	Diversity of Arbuscular Mycorrhizal Fungi Associated with Desert Ephemerals in Plant Communities of Junggar Basin, Northwest China	51
Section 2	Arbuscular Mycorrhizal Status of Spring Ephemerals in the Desert Ecosystem of Junggar Basin, China	67
Section 3	Arbuscular Mycorrhizal Associations in the Gurbantunggut Desert.....	79
Section 4	Diversity and Zonal Distribution of Arbuscular Mycorrhizal Fungi on the Northern Slopes of the Tianshan Mountains.....	88

Chapter 4	Biodiversity of Arbuscular Mycorrhizal Fungi in Saline-alkaline Soils	100
Section 1	Arbuscular Mycorrhizal Status of Wild Plants in Saline-alkaline Soils of the Yellow River Delta.....	100
Section 2	Arbuscular Mycorrhizal Fungi in Saline-alkaline Soils of the Yellow River Delta	108
Chapter 5	Exploitation of Phosphorus Patches with Different Phosphorus Enrichment by Three Arbuscular Mycorrhizal Fungi.....	116
Chapter 6	Effects of Different Arbuscular Mycorrhizal Fungi on the Growth and Yield of Soybean in Coal Mine Spoil.....	127
Chapter 7	Effects of AM Inoculation and Organic Amendment on Heavy Metal Uptake of Tobacco in Pb-Cd Contaminated Soil	137
Chapter 8	Inoculations with Arbuscular Mycorrhizal Fungi Increase Vegetable Yields and Decrease Phoxim Concentrations in Carrot and Green Onion	153
Chapter 9	Role of Microbial Inoculation and Chitosan in the Phytoremediation of Heavy Metal Contaminated Soil by <i>Elsholtzia splendens</i>	167
Chapter 10	Effects of Arbuscular Mycorrhizal Fungi on Dynamics of Phoxim Residues in Green Onion and Soil	189
