

Contents

Preface.....	ix
Introduction.....	x
Note Concerning Disease Examples.....	xi
Abbreviations.....	xii

High-Yield Facts

High-Yield Facts in Biochemistry and Genetics.....	I
--	---

DNA Structure, Replication, and Repair

Questions.....	61
Answers.....	81

Gene Expression and Regulation

Questions.....	101
Answers.....	132

Acid-Base Equilibria, Amino Acids, and Protein Structure

Questions.....	161
Answers.....	179

Protein Structure/Function

Questions.....	199
Answers.....	210

Carbohydrate Metabolism

Questions.....	223
Answers.....	240

Bioenergetics and Energy Metabolism

Questions.....	259
Answers.....	273

Lipid, Amino Acid, and Nucleotide Metabolism

Questions.....	287
Answers.....	310

Vitamins and Minerals

Questions.....	337
Answers.....	348

Hormones and Integrated Metabolism

Questions.....	365
Answers.....	380

Inheritance Mechanisms/Risk Calculations

Questions.....	401
Answers.....	424

Genetic and Biochemical Diagnosis

Questions.....	449
Answers.....	473

Appendix.....	503
Bibliography.....	519
Index.....	521
