Preface

ix

Section I: Animal Ecology

1. Occurrence of Amphizoic Amoebae in Domestic Water Supply from Lucknow City
Tabrez Ahmad, Kavyanjali Shukla, Newton Paul and A.K. Sharma 3
2. Study of *Vibrio parahaemolyticus* Through ERIC-PCR and REP-PCR for Development of Fish and Human Health Management
Agniswar Sarkarm Mousumi Saha and Pranab Roy 15
3. Light Microscopic as well as Ultrastructural Changes in Thyroid Gland of *Mus norvegicus* Induced by Sub-lethal Heroin Administration
Kaminidevi K. Bhoir, S.A. Suryawanshi and A.K. Pandey 32

-
4. Seasonal Fluctuation of Nutrients and Phytoplankton in Igoumenitsa Bay (NW Greece) 48
Beza Paraskeyi, Vasilis Moussis, Cosmas Nathanailides, Alkiviadis Bougiouklis, Maria Mpoti and Giorgos Ioannou
 5. Phagocytosis of Charcoal Particulate as Immunological Marker of Azadirachtin Exposure 55
Suman Mukherjee, Mitali Ray and Sajal Ray
 6. Ecological Analysis of Digenetic Trematode Parasites of Two Populations/Anuran Hosts, *Rana tigrina* and *Rana cyanophlyctis* in Jammu Province, J&K State 68
G.D. Singh, Anil K. Verma, Ranvijay Singh and V.K. Gupta
 7. Phenotypic Plasticity of *Drosophila melanogaster* at Different Temperature 96
B.R. Guru Prasad and S.N. Hegde
 8. Effects of Sublethal Cypermethrin, Carbaryl and Monocrotophos Administration on Certain Biochemical Parameters in Muscles and Nerve Cord of *Periplaneta americana* 115
B.G. Kulkarni, F.A. Mohammed, S.S. Kupekar and A.K. Pandey
 9. Improvement of Larval Duration and Survival in Commercially Important Swimming Crabs, *Portunus pelagicus* (Linnaeus) and *P. sanguinolentus* (Herbst) Through Enriched Live Feeds 127
P. Soundarapandian and S. Sowmiya
 10. Estimation of Activity of Some Metabolic Enzymes in the Serum of Fish *Cyprinus carpio* as a Function of their Growth in Juveniles 134
K. L. Jain, Meenakshi Jindal and Simmi
 11. Use of Supplementary Feed for Sustainable Inland Aqua Farming: A Case Study 145
Basudev Mandal, Subasish Mukherjee and Bimal Kinkar Chand

-
12. Influence of Different Feeding Regimes on the Growth Performance and Nutrient Retention of the Walking Catfish, *Clarias batrachus* Fingerlings 172
Meenakshi Jindal
13. Amelioration of Anti-oxidant Vitamins on Ciprofloxacin Induced Toxic Changes in Blood 186
B. Kalaivani, K.M. Priya Therciny, and G. Vanithakumari
14. Impact of Chromium on Haematological Parameters in Freshwater Fish *Channa punctatus* 206
Deepali Saxena and Madhu Tripathi
15. Behavioural Alterations in Freshwater Stinging Catfish, *Heteropneustes fossilis* (Bloch) after Fluoride Toxicity 216
Sandeep Bajpai, Anand Kumar, Nalini Tripathi, Seema Tewari and Madhu Tripathi
16. Adverse Effect of Ampicilin on Brain Lipids in Albino Rats 229
B. Kalaivani, R. Dhamotharan, and G. Vanitha Kumari
17. Effect of Ivermectin on Some Biochemical Constituents of the Fish *Channa punctatus* 241
Kamal Kumar Saxena and Namita Verma
18. Traits Related to Social Hierarchy in Ruminant Ungulates: Dairy Goats 250
R. Ungerfeld

Section II: Animal Reproduction

19. Feeding and Reproduction of *Artemia franciscana* from Basrah 263
Dawood S.M. Abdullah, Salman D. Salman and Malik H. Ali
20. Ultrastructural Studies of Vitellogenesis in *Asellus aquaticus* (Crustacea, Isopoda) 294
Melike Erkan and Mário Sousa

21. Estrogen Induced Standard Cytotoxic Model in the Uterus of Rat <i>S. Madhuri and Govind Pandey</i>	316
22. The Influence of <i>Acacia nilotica</i> Flower Phytoestrogenic Extract Administration on Ovulation in Albino Rats <i>Sharanabasappa A. Patil and Saraswati B. Patil</i>	323
23. Efficacy of Ovaprim and Ovatide in Induced Breeding of <i>Clarias batrachus</i> : A Study <i>A.M. Verma, S.K. Prabhakar and K.K. Singh</i>	340
24. Photoperiod and Biological Rhythms in Regulation of Avian Reproduction <i>Anand S. Dixit</i>	348
25. Environmental Modulations and Reproduction: The Favourable and Unfavourable Paradigms <i>Urmi Chatterji</i>	378
26. Assessment of Reproductive Toxicity of Orally Administered Technical Phosphamidon in Male Albino Mice <i>T.S. Shreelakshmi and B.B. Kaliwal</i>	412
27. Active Immunization Against Riboflavin Carrier Protein Prevents from Pregnancy Establishment in Sub-Human Primate (<i>M. radiata</i>) <i>Mukesh Kumar</i>	447
<i>Previous Volumes</i>	459
<i>Index</i>	477
