

Contents

Foreword	v
Preface	vii
1. Conservation of Plant Diversity in Kodai Hills (Southern Western Ghats) of South India <i>G. Selvaraj and K. Muthuchelian</i>	1
2. A Floristic Study of Six Angiospermous Parasites of Tirunelveli District, Tamil Nadu <i>M.S.J. Charles and A. Saravana Ganthi</i>	6
3. Common and Cultivated Oil Yielding Plants in Western Ghats of Southern Part of Tamil Nadu <i>K. Rajendran and M. Jothibasu</i>	11
4. Effect of High Power Transmission Line on Herbaceous Species Composition and Forest Biodiversity <i>S. Somasekaran and K. Muthuchelian</i>	14
5. Studies on the Distribution of Certain Medicinal Plants in Semi Arid Fallow Lands of Kovilpatti <i>Murugesan Ramamoorthy</i>	22
6. Some Endemic and Threatened Plants of the Agasthiyamalai Biosphere Reserve, Tamil Nadu <i>T.J.S. Rajakumar, R. Selvakumari, S. Murugesan and N. Chellaperumal</i>	27
7. Diversity and Opportunities with Indian Acclimatized Jatropha Species <i>P. Ratha Krishnan and S.P. Ahlawat</i>	34

8. **Bioreclamation of Tsunami Affected Agricultural Land by *Heliotropium curassavicum* Linn.** 40
K.C. Ravindran, A. Indrajith, K. Sanjiviraja, D. Ayyappan
and V. Balakrishnan
9. **Traditional Use of Medicinal Plants and its Status Among the Tribes in Mananthavady of Wayanad District, Kerala** 47
T.B. Shyma and A.G. Devi Prasad
10. **Medicinal Plant Diversity in Foot Hills of Karandamalai of Southern Eastern Ghats of Tamil Nadu** 59
N. Yasoth Kumar and K. Rajendran
11. **Biodiversity Assessment in Tropical Dry Evergreen Forest (TDEF) at Point Calimere Wildlife Sanctuary, Tamil Nadu: A Threatened Ecosystem** 67
A. Balasubramanain, S. Radhakrishnan, R. Revathi, V. Thirunavukarasu,
R. Rajasekar and M. Govinda Rao
12. **Herb Diversity in Oak and Pine and Mixed Forest of Central Himalaya** 77
Samina Usman and Kumud Dubey
13. **Diversity of Orchids in Koppa Taluk, Western Ghats of Karnataka, India** 87
E.S. Kumaraswamy Udupa, N.R. Santhosh and K. Krishnaswamy
14. **Studies on Genetic Diversity in Cowpea [*Vigna unguiculata* (L.) Walp] Using Molecular Markers as a Means for Germplasm Conservation** 96
R.M. Nagalakshmi, R. Usha Kumari, K.S. Usharani, and R. Suguna
15. **Wild Relatives of Fruits in Eastern Himalayan Region of India** 107
C.P. Suresh, K. Pradheep, K.D. Bhutia and Sumit Chakravarty
16. **Isolation and Analyzing the Aromatic Compounds from Vetiver sp. (*Vetiveria zizanioides* L. Nash) Plant Root System by Using FT-IR Method** 119
A. Sekaran, K. Muthuchelian, B. Pavendan, N. Hariram and A. Sundaram
17. **A Comparative Survey on Water Sources in Ninety Villages in Virudhunagar District** 129
K. Selvaraj, V. Ramasubramanian and S. Baskaran
18. **Herbaceous Plants Diversity in Mottaipaarai of High Wavy's Mountain in Western Ghats, Tamil Nadu** 133
S. Shanmugam and K. Rajendran

19. **Importance of Soil Properties on Growth Response of *Triticum aestivum* L. var. Inoculated with *Glomus fasciculatum*** 140
V.S. Bheemareddy and H.C. Lakshman
20. **Survey on Ethnomedicinal Tree Species of Jogimatti Forest, Chitradurga District, Karnataka, India** 155
V.T. Hiremath and T.C. Taranath
21. **Studies on Medicinal Plant Diversity in Thirunelli Forest, Wayanad District, Kerala** 162
M.V. Jeeshna, P. Sathishkumar and S. Paulsamy
22. **Screening and Characterization of Taxol: An Anticancer Drug from Endophytic Fungi** 169
M. Pandi, P. Rajapriya, Yogeswari and J. Muthumary
23. ***In vitro* Antagonistic Activity of Diverse Isolates of *Pseudomonas fluorescens* Against *Pythium aphanidermatum*: A Plant Pathogenic Fungus** 181
K. Manonmani and K. Packialakshmi
24. **Seasonal Diversity of AM Fungal Spores in Leguminous Plants of Dharward in Karnataka, India** 186
M. Mirdhe Romana and H.C. Lakshman,
25. **Effect of Arbuscular Mycorrhizal Fungi in Improvement of Alkaline Phosphatase Activity on *Gloriosa superba* L. Under Water Stress Condition** 193
S.B. Gadi, H.C. Lakshman and A. Channabasava
26. **Physiological Studies on Evolution of Soybean Genotypes for Drought Tolerance** 199
C. Rajendran, R. Amutha, T. Sivakumar and K. Sivasubramaniam
27. **Allometric Variation and Reproduction in *Panax wangianus* S.C. Sun (Araliaceae): An Endangered Medicinal Plant in the Sacred Grove Forest of Meghalaya, North-East India** 205
N. Venugopal and Preeti Ahuja
28. **Diversity of Arbuscular Mycorrhizal Fungi on Four Important Tree Species in Dharwad District of Karnataka** 224
Krishna H. Waddar, H.C. Lakashman and K. Sandeepkumar
29. **Isolation and Characterisation of Soil Fungi in Dry Deciduous Forest of Bhadra Wildlife Sanctuary, Karnataka** 230
Shivakumar P. Banakar and B. Thippeswamy

30.	Field Trail to Study the Effect of Fungicides in Controlling Brown Leaf Spot Disease of Rice and Altering the Microbial Diversity	236
	P. Krishnan	
31.	Improvement of Rooting and Plant Growth of Stem Cutting <i>Sauropus androgynous</i> L. with Inoculation of AM Fungus and Hormone (IBA) Treatment	241
	M.A. Kadam and H.C. Lakshman	
32.	Diversity of AM Fungi on <i>Madhuca indica</i> G.Mel.: A Threatening Medicinal Plant	247
	R.F. Inchal and H.C. Lakshman	
33.	Screening of Efficient AM Fungus to Improve the Growth and Nutrient Uptake of <i>Achyranthus aspera</i> L.: A Member of Amaranthaceae	254
	C. Shwetha, Madgaonkar and H.C. Lakshman	
34.	Antifungal Activities of Some Selected Medicinal Plants Against Red Rot Disease in Sugarcane (<i>Saccharum officinarum</i>)	261
	N. Siva, R. Manimaran, C. Pitchairamu, R. Muthuramalingam, K. Irulandi, K. Muralidharan, M. Thiyagarajan, and M. Guru Moorthi	
35.	Short-Term Dynamics of Two Tropical Dry Evergreen Forests of South India	266
	R. Venkateswaran, N. Parthasarathy and K. Muthuchelian	
36.	Removal of Malachite Green on <i>Equcalptus glubulous</i> Bark Carbon: A Kinetic and Equilibrium Study	280
	R. Pagutharivalan and N. Kannan	
37.	Morphological Responses of <i>Salvinia molesta</i> (Mitchell) by the Accumulation of Lead (Pb)	288
	N.M. Rolli, S.S. Suvarnakhadi, M.G. Nadagouda and T.C. Taranath	
38.	<i>Elaeocarpus venustus</i> Bedd. and their Plant Species Diversity in Mid-Elevation Wet Evergreen Forest of Agasthiyamalai Biosphere Reserve, Southern Western Ghats, India	295
	S. Saravanan and K. Muthuchelian	
39.	A Survey of Ethnomedicinal Plants Used by the Palliyars for the Treatment of Various Skin Diseases in Sirumalai Hills	305
	A. Maruthupandian, V.R. Mohan and K. Muthuchelian	
40.	Population Structure and Phenology of Critically Endangered Species (<i>Nothopegia aureo-fulva</i> Bedd. ex Hook.f.). Moist Deciduous Evergreen Forests of Western Ghats, India	312
	S. Saravanan and K. Muthuchelian	
	Index	319
