Prologue / xi

PART ONE: SOCIAL BEHAVIOR / 1

Primate Diversity / 3

Barbary Macaques: Model Monkeys / 4

Primate Social Systems / 14

Social Organization / 15

Mating Systems / 17

Social Relationships / 20

Chacma Baboons: Into the Wild / 30

Baboon Camp / 33

Long-Term Studies / 37

Aggression / 41

Guinea Baboons: Uncharted Territories / 46

An Expedition to Senegal / 47

Simenti / 49

First Findings / 52

The Evolution of Baboons / 56

Challenges of the Third Kind / 59

PART TWO: COGNITION / 65

What Do Animals Think? / 67

Trophy Hunters and Killjoys / 68

The Social Brain / 71

Physical Cognition / 75

The Basics / 75

Quantities / 80

Space / 84

Time / 90

Social Intelligence / 95

Do Animals Have Culture? / 95

Forms of Social Learning / 100

Gaze Following / 105

Social Knowledge / 108

Theory of Mind / 117

Intentions / 117

Seeing and Knowing / 119

Belief / 123

Metacognition / 126

The Evolution of Intelligence / 130

PART THREE: COMMUNICATION / 133

What Is Communication? / 135

Senders and Receivers / 135

Information / 136

Signals and Cues / 138

The Function of Monkey Sounds / 139

Communication in Conflicts / 140

Mating Calls / 143

Group Coordination / 144

The Evolution of Language: Beginnings / 148

Early Theories / 148

A Pioneer / 150

Elements of Linguistic Competence / 152

Ape Language Projects / 153
Language Training for Apes / 153
Symbolic Languages / 155

Natural Communication in Primates / 160

Alarm Calls / 161
Vocal Behavior / 164
Dialects / 166

Development of Reactions / 175
Perception of Gradual Differences / 176

Word Learning in a Domestic Dog / 181

The Evolution of Language: State of the Art / 188

Syntactic Abilities / 188
Is There a Gene for Language? / 192
Gestural Communication / 193
Intentional Communication / 197
Just for the Fun of It / 202

The Evolution of Communication / 204

Conclusion and Prospects / 207

Acknowledgments / 211

Notes / 215
References / 221
Index / 239
