

Advances in Virus Research—Volume 85

Edited by

Karl Maramorosch and Frederick A. Murphy

Cover illustration: Structure of viral matrix proteins and diagrams of virion structures of negative-strand RNA viruses.

Courtesy of Douglas S. Lyles.

Contents

Regulation of Retroviral Polyadenylation

Eva-Maria Schrom, Rebecca Moschall, Anita Schuch and Jochen Bodem

Open Questions About Giant Viruses

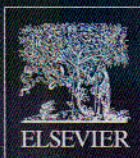

Jean-Michel Claverie and Chantal Abergel

Assembly and Budding of Negative-Strand RNA Viruses

Douglas S. Lyles

Arthropod-Borne Flaviviruses and RNA Interference: Seeking New Approaches for Antiviral Therapy

Mayra Diosa-Toro, Silvio Urcuqui-Inchima and Jolanda M. Smit
