

For Students

Student Handbook and Solutions Manual (0-13-149008-7)

This important student resource provides step-by-step solutions to every problem in *Concepts of Genetics, Eighth Edition* by Klug, Cummings, and Spencer. Many solutions are amplified so students will understand not just what the answer is, but how it was derived. Problems are keyed to each major concept in the text. Terms are organized in hierarchies to better aid understanding. At the end of the Student Handbook is a set of supplemental questions and sample test questions. A valuable section at the beginning of the Student

Handbook addresses "How to Increase Your Chances of Success in Genetics." This supplement functions as the tutor most students wish they had.

Companion Website

This set of concept tutorials contains animations, simulations, exercises, and quizzes that cover many of the most difficult topics in genetics. They are keyed to sections of the text through a media icon that appears in the margin of the text. For visual learners and those who need additional review, this resource is invaluable.

For Instructors

Instructor Resource Center (IRC) on CD/DVD

(0-13-149011-7)

The IRC offers a comprehensive set of tools that includes:

- All text illustrations in JPEG files both labeled and unlabeled
- The pedagogically important photographs from the text
- Illustrations, photographs, and selected tables loaded into PowerPoint® files for each chapter
- A set of PowerPoint® files in lecture outline form
- A set of animations preloaded into PowerPoint®
- PowerPoint® files that contain preloaded Computer Response System (CRS), or "clicker," questions for each chapter
- The complete test bank in a Word® file plus solutions
- The entire Student Handbook and Solutions Manual in a Word® file
- A printable Media In

Instructor's Manual with Test Bank (0-13-149007-9)

This manual and test bank contains over 1,000 problems. It also provides alternate course sequences, a guide to audio-visual supplements, and a section on searching the Internet.

TestGen

(0-13-149019-9)

The printed test bank is available in electronic form that allows instructors to edit and export test questions so they may be printed. It also works on a network.

Overhead Transparencies

(0-13-149019-2)

This transparency set contains 200 acetates and 75 transparency masters of key figures from the text, larger for easy viewing.
