

Essentials of Physical Anthropology: Understanding Our Origins provides students with a unique set of online tools to help them master key concepts in physical anthropology.

Organize, Learn, and Connect with StudySpace
www.norton.com/studyspace

This complete set of learning tools will help you **Organize** your study, **Learn** the course, and **Connect** knowledge across chapters and to the world. Features include:

ANTHROTOURS: Using the power of Google Earth™, AnthroTours take students on flyovers of key locations discussed in the text.

QUIZZES, often incorporating photos and drawn art from the text, enable students to test their knowledge.

FLASHCARDS, many employing images, enable students to study important fossils while memorizing key terms.

CHAPTER OUTLINES help students organize their study and review.

EBOOK LINKS connect the readings with StudySpace assignments.

Same great book, half the price!
nortonebooks.com

Essentials of Physical Anthropology is also available in an ebook format, which replaces actual book pages while providing links to StudySpace's useful review tools.
