The Ninth Edition brings the study of physical anthropology and archaeology to life

Let this respected book take you on a fascinating journey of discovery into the human past! You'll explore so much that is intriguing, including archaeological methods, fossil and site discoveries, living primates, and basic biology and genetics—and, you'll master the principles and processes of physical anthropology and archaeology with new pedagogy that will help you succeed in your course.

Robert Jurmain and Lynn Kilgore are joined in this edition by new coauthor Barry Lewis, who brings his own expertise to the book's archaeology coverage. The combined approach of this author team and their accessible writing style make this a book that will inspire and engage you every step of the way! On each and every page, you'll feel the amazement and enthrallment that come with human discovery, and you'll quickly comprehend concepts and gain a deeper understanding of each issue. Plus, the Ninth Edition includes new examples, cutting-edge research, new information on biocultural evolution, and thought-provoking *Digging Deeper* boxes that tell interesting stories.

ALSO AVAILABLE TO HELP YOU SUCCEED:

Ask your instructor about access to the Wadsworth Anthropology Premium Companion Site, a password-protected, feature-rich site

This Premium Companion Site is text specific and goes beyond simple reiteration, as its outstanding features take you to a new level of learning! (If an access card came with this book, you can start using this resource right away by following the directions on the card.)

Lab Manual and Workbook for Physical Anthropology, Sixth Edition 0-495-09399-8

The perfect study partner! Written by Diane France, this full-color lab manual emphasizes human osteology, forensic anthropology, anthropometry, primates, human evolution, and genetics. In addition, it includes a unique chapter on forensics that applies physical anthropology perspectives and techniques to real situations.

Kappelman's Virtual Laboratories Physical Anthropology, Version 4.0

Online: 0-495-09609-1 • CD-ROM 0-495-00992-X

This interactive product gives you a hands-on computer component for completing lab assignments at school or at home. Through the use of video clips, 3-D animations, sound, and digital images, you can actively participate in 12 labs as part of your physical anthropology course.

Ahern's Hominid Fossils CD-ROM: An Interactive Atlas 0-534-63841-4

This interactive atlas CD-ROM includes over 75 key fossils important to understanding of human evolution.
