

Complete coverage of current social issues in a single resource

The latest information on the most important social issues in America today is the hallmark of this well-established series for high school students. Completely updated every two years, the *Information Plus® Reference Series* gives readers a clear and comprehensive summary of the most up-to-date research, legislation and more on each subject — all of which are vividly illustrated by numerous tables, charts, and graphs. Ideal for class assignments, reports, and research projects, the series has a distinct, easy-to-understand style that students will appreciate.

The *Information Plus® Reference Series* provides:

- Up-to-date statistical information on the volume's subject that gives students the most current data available — all from one source
- Discussions of hundreds of topics and subtopics, providing valuable explanations of statistics
- Tables, charts, and graphs, vividly illustrating facts and figures
- Resources section and directory of important organizations in each volume — including key e-mail addresses and Web site URLs — that offer the best avenues for continued research.
