

Nature In Your Pocket™

Birds of Prey is a field guide to the 55 birds of prey in North America. Anatomically correct illustrations of the birds in flight and on the ground, with each animal's prominent physical attributes and natural habitat, make it easy to identify birds in your backyard, favorite parks, and wildlife areas. Informative and beautiful to peruse, this is the essential resource when you're out in the field.

TODD TELANDER is a freelance natural science illustrator, a wildlife artist, and the author and illustrator of many FalconGuides, including *Mushrooms* and the *Scats and Tracks* series. He lives with his wife, Kirsten, and two sons, Miles and Oliver.
