

Praise for *Snakes of the United States and Canada*

"*Snakes of the United States and Canada* provides a thorough update of rapidly expanding knowledge for this fascinating group of reptiles. The book will be an important reference for scholars, naturalists, and herpetoculturists."

Harry W. Greene, author of *Snakes: The Evolution of Mystery in Nature*

"This book should become the snake encyclopedia for anyone interested in these amazing animals."

J. Whitfield Gibbons, author of *Their Blood Runs Cold: Adventures with Reptiles and Amphibians*

"Outstanding summaries of natural history, population structure, behavior, and conservation recommendations for each snake species in North America."

William S. Brown, Skidmore College

"A major contribution to the literature on snakes, this reference book will appeal to amateurs and professionals alike."

Joseph C. Mitchell, author of *The Reptiles of Virginia* and past president of The Herpetologists' League
