

Perspectives in **PLANT BIODIVERSITY**

This book contains a series of scientific articles regarding Plant Biodiversity. It addresses the economic, institutional and social challenges confronting scientists and policy makers in conserving biodiversity and ecosystem service that are critical for sustaining human well being and development.

It contains 40 chapters and it will bring out the first hand information about diversity and bio-resources both in land and water. This book is useful for students, environmentalists, foresters and general public too.

Prof. (Dr.) K. Muthuchelian [Ph.D., D.Sc., FNABS, FIEF (Canada)] is Vice-Chancellor of Periyar University, Salem. He is First Indian Scientist honoured with the prestigious award of the University of Ancona, Italy, besides this Dr. Muthuchelian's recipient of several awards such as 'Tamil Nadu Best Scientist' in Environmental Sciences (1999) and twice "Best Vice-Chancellor Award" by the Indian Red Cross Society.
