

Question Bank of **MICROBIOLOGY**

The book entitled "Question Bank of Microbiology" is prepared with great care and questions framed are precise and clear enabling the readers to make correct choices. A wide coverage of topics in twelve chapters viz., history of microbiology, basic microbiology & microbial techniques, biochemistry & microbial ecology, microbial physiology, microbial genetics, immunology & medical microbiology, food & water microbiology, microbial diversity, plant pathology & biological control, environmental microbiology, soil microbiology and industrial microbiology is given. The book would be very useful for students appearing for competitive examinations for entrance examinations at Universities and National level for admissions to UG and PG programmes and for those who are preparing for various exams like ICAR, ARS, CSIR NET, UGC NET, SRF, PCS and others.

Dr. Adesh Kumar received his education from Chandra Shekhar Azad University of Agriculture and Technology, Kanpur (B.Sc. Ag. & AH) and Indian Agricultural Research Institute (M.Sc. & Ph. D Microbiology). He joined Narendra Deva University of Agriculture and Technology, Kumarganj, Faizabad in 2008 as an Assistant Professor, Microbiology and has been involved in teaching and research actively. He is dealing with research projects sanctioned by UPCAR and CST, UP. He has published more than 25 research papers in national/international journals/proceeding and co-author of textbook of Plant Diseases and their Management published by Kalyani Publishers. He is also member of many scientific societies and conferred many awards to him.

Dr. Sushil Kumar Singh is presently working as an Assistant Professor in the Department of Plant Pathology, Narendra Deva University of Agriculture & Technology, Kumarganj, Faizabad. Dr. Singh received his M.S.c. (Ag.) from B.H.U., Varanasi and Ph.D. from V.B.S. Purvanchal University, Jaunpur. He has been involved in teaching to Undergraduate and Post graduate students since 2004 and guided M.Sc. and Ph.D. students for their research work. He has published 26 research papers, one book, one manual and 3 book chapters.
