
Contents

Chapter 1	The TRPC Family of Ion Channels: Relation to the TRP Superfamily and Role in Receptor- and Store-Operated Calcium Entry.....	1
<i>Joel Abramowitz, Eda Yildirim, and Lutz Birnbaumer</i>		
Chapter 2	Multiple Mechanisms of TRPC Activation	31
<i>James W. Putney, Jr.</i>		
Chapter 3	TRPC2 and the Molecular Biology of Pheromone Detection in Mammals	45
<i>Emily R. Liman and Catherine Dulac</i>		
Chapter 4	TRP Channels and Axon Pathfinding.....	55
<i>Kai Cui and Xiao-bing Yuan</i>		
Chapter 5	TRPV1 Receptors and Signal Transduction.....	69
<i>Tamara Rosenbaum and Sidney A. Simon</i>		
Chapter 6	Complex Regulation of TRPV1 by Vanilloids	85
<i>Arpad Szallasi and Peter M. Blumberg</i>		
Chapter 7	TRPV2: A Calcium-Permeable Cation Channel Regulated by Insulin-Like Growth Factors.....	105
<i>Itaru Kojima and Masahiro Nagasawa</i>		
Chapter 8	Molecular Mechanisms of TRPV4 Gating	113
<i>Stefan Heller and Roger G. O'Neil</i>		
Chapter 9	TRPV4: A Multifunctional Nonselective Cation Channel with Complex Regulation.....	125
<i>Tim D. Plant and Rainer Strotmann</i>		

Chapter 10 TRPV4 and TRPM3 as Volume-Regulated Cation Channels.....	141
<i>Christian Harteneck and Günter Schultz</i>	
Chapter 11 TRPA1: A Sensory Channel of Many Talents.....	151
<i>Marilia Z. P. Guimaraes and Sven-Eric Jordt</i>	
Chapter 12 TRPA1 in Auditory and Nociceptive Organs	163
<i>Jaime García-Añoveros and Anne Duggan</i>	
Chapter 13 TRPM8: The Cold and Menthol Receptor	177
<i>David D. McKemy</i>	
Chapter 14 Activation Mechanisms and Functional Roles of TRPP2 Cation Channels.....	189
<i>Aurélie Giamarchi and Patrick Delmas</i>	
Chapter 15 The Ca ²⁺ -Activated TRP Channels: TRPM4 and TRPM5.....	203
<i>Emily R. Liman</i>	
Chapter 16 Genetics Can Be <i>Painless</i> : Molecular Genetic Analysis of Nociception in <i>Drosophila</i>	213
<i>W. Daniel Tracey, Jr.</i>	
Chapter 17 TRPV Family Ion Channels and Other Molecular Components Required for Hearing and Proprioception in <i>Drosophila</i>	227
<i>Changsoo Kim</i>	
Chapter 18 The TRPV Channel in <i>C. elegans</i> Serotonergic Neurons.....	243
<i>Ji Ying Sze</i>	
Chapter 19 TRP Channel Functioning in Mating and Fertilization	257
<i>X. Z. Shawn Xu and Maureen M. Barr</i>	
Chapter 20 The Role of TRP Channels in Thermosensation.....	271
<i>Makoto Tominaga</i>	

Chapter 21 Voltage and Temperature Gating of ThermoTRP Channels	287
<i>Ramon Latorre, Guillermo Vargas, Gerardo Orta, and Sebastian Brauchi</i>	
Chapter 22 TRPV Channels' Function in Osmo- and Mechanotransduction	303
<i>Wolfgang B. Liedtke</i>	
Chapter 23 TRP Channel Trafficking	319
<i>Rosa Planells-Cases and Antonio Ferrer-Montiel</i>	
Chapter 24 Protein-Protein Interactions in TRPC Channel Complexes	331
<i>Petra Eder, Rainer Schindl, Christoph Romanin, and Klaus Groschner</i>	
Chapter 25 Structural Insights into the Function of TRP Channels	349
<i>Rachelle Gaudet</i>	
Chapter 26 Functional Significance of Transient Receptor Potential Channels in Vascular Function	361
<i>Scott Earley, Stacey Reading, and Joseph E. Brayden</i>	
Chapter 27 Role of TRPV4 in the Mechanotransduction of Shear Stress in Endothelial Cells	377
<i>Ralf Köhler and Joachim Hoyer</i>	
Chapter 28 A New Insight into the Function of TRPV2 in Circulatory Organs	389
<i>Katsuhiko Muraki, Munekazu Shigekawa, and Yuji Imaizumi</i>	
Chapter 29 The Role of TRPV4 in the Kidney	397
<i>David M. Cohen</i>	
Chapter 30 The TRPV4 Channel in Ciliated Epithelia	413
<i>Yaniré N. Andrade, Jacqueline Fernandes, Ivan M. Lorenzo, Maite Arniges, and Miguel A. Valverde</i>	

Chapter 31	Protease-Activated Receptors: Mechanisms by Which Proteases Sensitize TRPV Channels to Induce Neurogenic Inflammation and Pain	421
-------------------	---	------------

Andrew Grant, Silvia Amadesi, and Nigel W. Bunnett

Index	441
--------------	------------
