

TABLE OF CONTENTS

Preface, vii
Acknowledgments, vii

THE CELL, 1

- General Organization
- Nucleus
- Membranes
- Organelles and inclusions
- Microvilli and filaments
- Junctional complexes
- Centrioles
- Cilia and flagellae
- Cells in mitosis
- External coats of cell membranes

FUNDAMENTAL TISSUES, 27

- Epithelium
 - Simple squamous—The lung
 - Columnar—The trachea
- Connective tissue
- Cartilage
- Bone
- Bone marrow

STRATIFIED SQUAMOUS EPITHELIUM, 53

- The esophagus
- The skin
- The hair
- The glands

THE NERVOUS SYSTEM, 61

- Peripheral nerve ganglion
- Autonomic nerve ganglion
- Cells of the central nervous system

MUSCLE, 75

- Smooth muscle
- Skeletal muscle
- Cardiac muscle

THE LYMPHOID ORGANS, 89

- Thymus
- Spleen
- Peyer's patch of the ileum

THE CIRCULATORY SYSTEM, 95

- The aorta
- Arterioles
- Venules
- Lymphatics

THE DIGESTIVE SYSTEM, 101

- Tooth—Ameloblast
- Stomach
- Small intestine
- Large intestine

THE MAJOR GLANDS OF DIGESTION, 117

- Submandibular salivary gland
- Pancreas
- Liver, gallbladder, and bile ducts

THE URINARY SYSTEM, 129

- Kidney
- Urinary bladder
- Urethra

THE MALE REPRODUCTIVE SYSTEM, 143

- Testis
- Epididymus
- Ductus deferens
- Seminal vesicle
- Prostate

THE FEMALE REPRODUCTIVE SYSTEM, 159

- Ovary
- Uterus
- Oviduct
- Mammary glands

THE ENDOCRINE GLANDS, 167

- The hypophysis
- The pineal gland
- The pancreatic islets
- The suprarenal gland
- The thyroid
- The parathyroid

SPECIAL SENSES, 193

- The eye
- Cornea
- Retina
- The internal ear

Subject Index, 205
