

CONTENTS

<i>Preface</i>	iii
<i>Forword</i>	v
1 Ecologically competent rhizobacteria for plant growth promotion and disease management — R.Z. Sayyed, B.S. Naphade and S.B. Chincholkar	1
2 Recent trends and achievements in Biotechnology — P. Rangasamy, Simma V.S.R.K. Netaji and S. Babu	17
3 <i>In vitro</i> organogenesis in <i>Solanum trilobatum</i> L. — A.R. Lavanya, S. Alagumanian, M. Jeyaseelan and M.V. Rao	37
4 Somatic embryogenesis in <i>Solanum trilobatum</i> L. — J. Charumathy, S. Alagumanian, M. Jeyaseelan and M.V. Rao	53
5 Transgenic plants for antibody production for human therapeutic use — M. Vivekanandan and V.C. Saralabai	60
6 Enhancing L-Sorbose fermentation by increased oxygen solubility through the addition of oxygen vector — R. Giridhar and A.K. Srivastava	66
7 <i>In vitro</i> plant regeneration from apical buds of <i>Adina cordifolia</i> (Hook) — D. Dubey, V. Koche and S.K. Mishra	72
8 Variation in protein, peroxidase isoenzymes and RAPD profiles in a population of <i>Cannabis sativa</i> L. — P. Srivastava, M.K. Verma and S.K. Mishra	78
9 Culture amendments of <i>Streptomyces</i> for higher production of thermostable acid and alkaline proteasse — Lata Ramrakhiani, Garima Gupta and V. Rai	86
10 Esterification of fatty acids with glycerol catalyzed by lipase — G.M. Hend, P.N. Shastri and N.B. Selukar	95
11 Effect of incorporation of Mushroom powder on gluten formation in wheat dough used for bread making — Asha Mane, Nilima Bhoge, Manisha Kale and Pramod Roodkar	102

- 12 Development of nourishing malted food substituted with Ragi and supplemented with dry Oyster Mushroom and Soyabean
— Manisha Kale, Asha Mane, G.M. Hend and Geeta Rath 106
- 13 Production, extraction, purification and identification of Aflatoxin produced by *Aspergillus niger* from rhizosphere of *Cajanus cajan* (L)
— A.P. Ramteke, R.M. Dhundi and N.J. Chikhale 111
- 14 Studies on isolation and screening of lignin degrading bacteria
— A.P. Ramteke and N.J. Chikhale 115
- 15 Evaluation of MH as male gametocide and a new method of plant breeding — A critical Review
— S.A. Salgare 125
- 16 Investigations related to the effects of gibberellic acid in the presence of an insecticide and fungicide on the photosynthetic electron transport chain in grape leaves (*Vitis vinifera* L.)
— S.F. Dhakane, Jyoti Gaikwad, M. Kalimullah, Sarah Thomas and P.B. Vidyasagar 142
- 17 Fruit drop in different species of Citrus
— S.R. Patil and A.P. Ramteke 149
- 18 *In vitro* embryo rescue culture of Hybrid cotton (*Gossypium*)
— N.J. Chikhale, S.N. Ajmire, M.K. Rai, and A.P. Ramteke 156
- 19 Indigenous Knowledge and Sustainable Development by Medicinal Plants
— A.K. Pandey and A.K. Patra 160
- 20 Micropropagation studies in Gerbera (*Gerbera jamesonii*)
— N.J. Chikhale, A.H. Bokey and M.K. Rai 171
- 21 Need of *in vitro* propagation of commercially useful medicinal plants
— U.M. Narkhede, D.B. Sadevara., R.B. Ade, N.J. Chikhale and M.K. Rai 177
- 22 Molecular markers in solving problem of identification in mycetes
— Sarika Shende, Sunita Bansod and M.K. Rai 185
- 23 Effect of various growth hormones on *in vitro* clonal propagation of *Citrus sinensis* Osbeck
— A.S. Karwa and N.J. Chikhale 192
- 24 Modification of α -amylase activity by using some physical agents
— A.S. Karwa and N.J. Chikhale 196
- 25 Micropropagation studies in Chilli
— N.J. Chikhale 200

-
- 26 Multiple sequence alignment and structure prediction of CD 40, CD 40L and tumor necrosis factors (TNF)
— A.G. Ingale, N.J. Chikhale and A.P. Ramteke 204
- 27 Enzyme-Linked immunosorbent assay for Cry1Ac, insecticidal toxin from *Bacillus thuringiensis*
— M.P. Moharil, P.A. Wadegaonkar, M.K. Rai, S.N. Tikar, N.S. Satpute, K.A. Bhagwat, N.G.V. Rao and S.A. Nimbalkar 209
- 28 *In vitro* induction and characteristics of callus of *Chlorophytum tuberosum* (Roxb.) Baker (Safed Musli)
— P.V. Thakare, K.R. Yengal and M.K. Rai 215
- 29 *In vitro* prolongation of dormancy period with encapsulation, hormone treatment and cold storage in *Kalanchoe tubiflora*
— N.J. Chikhale, Kanchan Bhagwat, P.A. Wadegaonkar and M.K. Rai 221
- 30 Ethnomycological studies on wild edible Mushrooms of Vidarbha Region (M.S.)
— G.K. Pusadkar, Asha Mane and P.U. Mohite 226-231
