

DIRECTORY OF NOTEBOOK FIGURES

TO ACCOMPANY HOLE,

HUMAN ANATOMY & PHYSIOLOGY, 6/e

Chapter 1 Plate References

Human Torso, Anterior Surface and Superficial Muscles Plate 1	1
Human Torso, Deeper Muscle Layers Plate 2	2
Human Torso, Abdominal Viscera Exposed Plate 3	3
Human Torso, Thoracic Viscera Exposed Plate 4	4
Human Torso, Lungs, Heart, and Small Intestine Sectioned Plate 5	5
Human Torso, Heart, Stomach, and Parts of Intestine and Lungs Removed Plate 6	6
Human Torso, Thoracic, Abdominal and Pelvic Visceral Organs Removed Plate 7	7

Chapter 3

Composite Cell Figure 3.3	8
Cell Membrane Figure 3.5	9
Mitosis Figure 3.33	10

Chapter 4

DNA Double Helix Figure 4.19a	11
DNA-RNA Transcription and Translation Figure 4.26	11
Protein Synthesis Figure 4.27	12
DNA Replication Figure 4.28	13

Chapter 5

Simple Squamous Epithelium Figure 5.1a-b	14
Simple Cuboidal Epithelium Figure 5.2a-b	14
Simple Columnar Epithelium Figure 5.3a-b	15
Pseudostratified Columnar Epithelium Figure 5.5a-b	15
Stratified Squamous Epithelium Figure 5.6a-b	16
Transitional Epithelium, Contracted and Stretched Figure 5.7a-c	16
Loose Connective Tissue Figure 5.15a-b	17
Adipose Tissue Figure 5.16a-b	17
Fibrous Connective Tissue Figure 5.17a-b	18
Hyaline Cartilage Figure 5.20a-b	18
Elastic Cartilage Figure 5.21a-b	19
Fibrocartilage Figure 5.22a-b	19

Bone Tissue Figure 5.23a-b	20
Blood Tissue Figure 5.24a-b	20
Skeletal Muscle Tissue Figure 5.25a-b	21
Smooth Muscle Tissue Figure 5.26a-b	21
Cardiac Muscle Tissue Figure 5.27a-b	22
Nervous Tissue Figure 5.28a-b	22

Chapter 6

Skin Section Figure 6.2	23
-------------------------	----

Chapter 7

Structure of a Long Bone Figure 7.2	24
Development of a Long Bone Figure 7.10	25
Human Skeleton, Anterior View Figure 7.18a	26
Human Skeleton, Posterior View Figure 7.18b	27
Human Skull, Anterior View Figure 7.20	28
Human Skull, Inferior View Figure 7.23	29
Human Skull, Cranial Floor Figure 7.28	30

Chapter 8

Elbow Joint Figure 8.15a	31
Elbow Ligaments Figure 8.16a-b	31
Knee Joint Figure 8.20a	32
Knee Ligaments Figure 8.21a-b	33

Chapter 9

Skeletal Muscle Structure Figure 9.2	34
Skeletal Muscle, Fiber I Figure 9.4	35
Skeletal Muscle, Fiber II Figure 9.6	35
Skeletal Muscles, Anterior View Figure 9.20	36
Skeletal Muscles, Posterior View Figure 9.21	37
Muscles of Expression and Mastication Figure 9.22a-c	38
Muscles of the Posterior Shoulder Figure 9.24a-d	39
Muscles of the Anterior Chest and Abdominal Wall Figure 9.25	40
Muscles of the Scapula and Upper Arm Figure 9.26a-d	41
Muscles of the Anterior Shoulder and Upper Arm Figure 9.28a-d	42
Muscles of the Anterior Forearm Figure 9.29a-e	43

Muscles of the Posterior Forearm Figure 9.30a–c	44	External and Internal Liver Structures Figures 14.30 and 14.31	80
Muscles of the Anterior Thigh Figure 9.34a–g	45	Small Intestine Figure 14.36	81
Muscles of the Lateral Thigh Figure 9.35a–d	46	Large Intestine Figure 14.48	82
Muscles of the Posterior Thigh Figure 9.36a–c	47	Chapter 16	
Muscles of the Anterior Lower Leg Figure 9.38a–d	48	Larynx and Bronchial Tree Figures 16.6b and 16.12	83
Muscles of the Lateral Lower Leg Figure 9.39a–c	49	Respiratory Tubes and Alveoli Figure 16.14	84
Muscles of the Posterior Lower Leg Figure 9.40a–e	50	Inflation Reflex Figure 16.32	84
Chapter 10		Respiratory Membrane Figure 16.34	85
Motor and Sensory Neurons Figure 10.3a–b	51	Oxygen and Carbon Dioxide Transport Figures 16.38 and 16.42	86
Neuroglial Cells Figure 10.6	52	Chapter 17	
Synaptic Knob Figure 10.19	53	Blood Cell Development Figure 17.6	87
Reflex Arc Figure 10.25	53	Red Blood Cell Life Cycle Figure 17.8	88
Chapter 11		Chapter 18	
Meninges Figure 11.1	54	Cardiovascular System Figure 18.10	89
Brain, Sagittal Section Figure 11.10	55	Heart and Coronary Circulation, Anterior View Figure 18.12a	90
Sensory, Motor, and Association Areas Figure 11.12	56	Heart and Coronary Circulation, Posterior View Figure 18.12b	91
Motor and Sensory Areas Figure 11.13	57	Heart, Frontal Section I Figure 18.6a	92
Cerebrospinal Fluid Circulation Figure 11.16	58	Heart, Frontal Section II Figure 18.6b	93
Cranial Nerves Figure 11.26	59	Events of the Cardiac Cycle Figure 18.17	94
Spinal Nerve Branches Figure 11.32	59	Cardiac Conduction System Figure 18.19	94
Spinal Nerves and Plexuses Figure 11.33	60	ECG Pattern Figure 18.25	95
Autonomic and Somatic Nerve Pathways Figure 11.36	61	Heart Rate Control Figure 18.27	96
Sympathetic Nerve Pathways Figure 11.38	62	Capillary Circulation Figures 18.34 and 18.37	97
Sympathetic Nervous System Figure 11.39	63	Branches of the Aorta Figure 18.56	98
Parasympathetic Nervous System Figure 11.40	64	Arteries of the Head and Neck Figure 18.58	99
Chapter 12		Arterial System Figure 18.65	100
Referred Pain Pathway Figure 12.4	65	Veins of the Head and Neck Figure 18.66	101
Major Parts of the Ear Figure 12.11	66	Veins of the Abdominal Viscera Figure 18.69	102
Inner Ear Structure Figure 12.13	67	Venous System Figure 18.72	103
Organ of Corti Figure 12.15a–b	68	Chapter 19	
Extrinsic Muscles of the Eye Figure 12.26	69	Lymphatic System Figure 19.1	104
Eye, Transverse Section Figure 12.27	70	Lymphatic Drainage Figure 19.6a–b	105
Retina Figure 12.34	71	Lymph Node Figure 19.9a	106
Chapter 13		B-Cell and T-Cell Origin Figure 19.16	107
Major Endocrine Glands Figure 13.2	72	B-Cell Proliferation Figure 19.20	108
Steroid Hormone Action Figure 13.4	73	B-Cell and T-Cell Interaction Figure 19.21	109
Nonsteroid Hormone Action Figure 13.6	73	Antibody Formation Figure 19.22	110
Pituitary Hormones and Their Target Organs Figure 13.13	74	Immediate-Reaction Allergy Figure 19.24	111
Negative Feedback System Figure 13.15	75	Chapter 20	
Action of PTH Figure 13.26	75	Urinary System Figure 20.1	112
Chapter 14		Kidney Structure Figure 20.4	113
Digestive System Figure 14.1	76	Renal Arteries and Veins Figure 20.6a	114
Alimentary Canal Figure 14.3	77	Structure of a Nephron Figure 20.9	115
Mouth and Pharynx Figure 14.7	78	Juxtaglomerular Apparatus Figure 20.11	116
Stomach and Gastric Mucosa Figures 14.18 and 14.20	79	Renal Filtration Figure 20.15	117
		Urinary Bladder Figure 20.29	118
		Chapter 22	
		Male Reproductive System Figure 22.1a	119
		Testis and Seminiferous Tubules Figure 22.3a–b	120
		Spermatogenesis Figure 22.5b	121

Female Reproductive System Figure 22.16a	122	Chapter 23	
Ovarian Cycle Figure 22.22	123	Formation of Placenta Figures 23.20a–c and 23.21	129
Female Internal Reproductive Organs Figure 22.24	124	Fetal Circulation Figure 23.28	130
Menstrual Cycle Figure 22.29	125	Chapter 24	
Human Embryonic Development Figure 22.33	127	First Meiotic Division Figure 24.9	131
Birth Process Figure 22.37	128	Second Meiotic Division Figure 24.11	131
Breast Structure Figure 22.38a–b	126
