

CONTENTS

Speakers	vii
Preface	
Gail A. Carpenter	ix
A comparative analysis of models of the human sleep-wake cycle	
Steven H. Strogatz	1
Sleep intensity and timing: A model for their circadian control	
Domien G.M. Beersma, Serge Daan, and Derk Jan Dijk	39
Temporal subdivision of the circadian cycle	
Richard E. Kronauer	63
Detecting a phase singularity in a coupled stochastic system	
James T. Enright and Arthur T. Winfree	121
Mammalian circadian rhythms:	
A neural network model	
Gail A. Carpenter and Stephen Grossberg	151
Mathematical models of circadian one- and multi-oscillator systems	
Rütger A. Wever	205
