

TABLE OF CONTENTS

Preface	vii
 Chapter 1	
Signaling Pathways Influencing Embryonic Stem Cell Self-renewal and Differentiation	1
Thomas. E. Smithgall	
 Chapter 2	
Hematopoietic Stem Cells and Aging	19
Gary Van Zant, Erin L. Manning and Hartmut Geiger	
 Chapter 3	
Haematopoietic Stem Cells and the Thymus in Aging	43
Amiela Globerson	
 Chapter 4	
Plasticity of Adult Bone Marrow Stem Cells	73
Karen J. Chandross and Éva Mezey	
 Chapter 5	
Aging Neural Stem Cells	97
Jingli Cai and Mahendra Rao	
 Chapter 6	
Stem Cells and Neurodegenerative Disorders	117
Mark P. Mattson, Norman Haughey, Aiwu Cheng and Mahendra S. Rao	
 Chapter 7	
Myocardial Aging and Embryonic Stem Cell Biology	141
Kenneth R. Boheler and Anna M. Wobus	
 Chapter 8	
Adult Skeletal Muscle Growth and Regeneration: The Development and Differentiation of Myogenic Stem Cells.	177
Patrick Seale and Michael A. Rudnicki	
 Chapter 9	
Stem Cells In Bone Formation and Remodeling	201
Robert L. Jilka and A. Michael Parfitt	
Contributor Addresses	223
