Introduction

Zofia Zukowska and Giora Z. Feuerstein

NPY family of peptides: from neurotransmitters and hormones to immune modulators, cytokines and growth factors.	xiii
--	------

Biology of the NPY family of peptides, their receptors and processing enzymes

Dan Larhammar and Erik Salaneck

Evolutionary perspective on the NPY-PYY-PP peptides and their receptors.....	3
--	---

Magnus M. Berglund, Philip A. Hipskind and Donald R. Gehlert

Function, distribution and molecular pharmacology of NPY-family receptors ...	29
---	----

Eric Grouzmann and Noureddine Brackh

NPY processing in neuronal and non-neuronal tissues by proconvertases	63
---	----

Rolf Mentlein

Dipeptidyl-peptidase IV and aminopeptidase P: molecular switches of NPY/PYY receptor affinities	75
---	----

The NPY family of peptides in immune disorders and inflammation

Sammy Bedoui and Stephan von Hörsten

NPY, NPY receptors and DPPIV in innate immunity and autoimmune disorders	87
--	----

Mónica De la Fuente and Sonia Medina

NPY and phagocytic cell functions	107
---	-----

Basile N. Landis, Isabelle Plouin-Gaudon and Jean-Silvain Lacroix

NPY in allergic and respiratory disorders.....	123
--	-----

<i>Bradley K. Taylor</i> NPY analgesia: moving from acute to chronic pain	135
--	-----

The NPY family of peptides and angiogenesis

<i>Edward W. Lee, Jason U. Tilan, Lydia Kuo, and Zofia Zukowska</i> NPY as a mediator of neurogenic angiogenesis and revascularization of ischemic tissues	151
--	-----

<i>Meit Björndahl, Renhai Cao, Luxun Xue and Yihai Cao</i> NPY-induced angiogenesis in retinopathy and wound healing	167
---	-----

<i>Lijun Li, Ken Abe, Edward W. Lee and Zofia Zukowska</i> NPY in vascular inflammation, remodeling and atherosclerosis	175
--	-----

The NPY family of peptides as growth factors in neurodegenerative diseases and tumor biology

<i>Joanna B. Kitlinska, Lydia E. Kuo and Jennifer Pons</i> NPY as a pleiotropic growth factor	189
--	-----

<i>William P. Gray and Helen E. Scharfman</i> NPY and hippocampal neurogenesis	201
---	-----

<i>Joanna B. Kitlinska</i> NPY family of peptides in neural crest-derived tumors	223
---	-----

<i>Massimiliano Ruscica, Elena Dozio, Marcella Motta and Paolo Magni</i> NPY family of peptides in endocrine, breast and prostate tumors	237
---	-----

Summary

<i>Zofia Zukowska and Giora Z. Feuerstein</i> Future directions and therapeutic perspectives for NPY/PYY-based anti-inflammatory and tumor suppressor drugs	251
---	-----
