

CONTENTS

The Bacteria (Schizomyceta), by A. R. PRÉVOT

General cytology of Bacteria	2
General physiology of Bacteria	22
Life-Cycles	40
Natural groups of Bacteria	52

Cyanophyceae, by PIERRE-P. GRASSÉ

The cell of the Cyanophyceae	68
------------------------------------	----

Algae, by J. FELDMANN

General characters	95
Cytology	98
Biochemistry	123
Morphology	128
Reproduction	133
Systematics of Algae	148

Fungi, by M. CHADEFAUD

General characters	321
The thallus	324
Nutrition and modes of life	328
Reproduction	337
Systematics	344

The Lichens, by H. DES ABBAYES†

General characters	520
Nutrition	535
Reproduction and development	539
Systematics	551
