

Contents

SECTION 1—CLINICAL ATLAS OF SPERM MORPHOLOGY

1. Introduction to Sperm Morphology	3
2. Morphology of Human Spermatozoon	12
3. Sperm Morphology Classification Systems	18
4. Calculation of Indices and Recording of Sperm Morphology	26
5. Staining Methods for Sperm Morphology	32
6. Introduction to the Pictorial Atlas of Sperm Morphology	39

SECTION 2—PICTORIAL ATLAS OF SPERM MORPHOLOGY

7. Pictorial Atlas of Sperm Morphology	43
8. Pyospermia	153
9. Hemospermia	177
10. Bacteriospermia	182

SECTION 3—APPENDICES

Appendices	191-209
Appendix I: Staining Methods used in the Atlas: A Critical Appraisal	193
Appendix II: Preparation of a Smear	198
Appendix III: Papanicolaou Staining Procedure for Sperm Morphology WHO (1999) and Mortimer (1994)	200
Appendix IV: de Neef-Pundel Modification of Shorr Stain	202
Appendix V: Rose Bengal and Toluidine Blue Staining Method for Sperm Morphology (Invented by the Author)	205
Appendix VI: Hematoxylin and Eosin Staining Method	208
Index	211
