

CONTENTS

Preface	iii
Biotechnological Development of Ecofriendly Mycoherbicides - <i>A.K. Pandey, R.C. Rajak and S.K. Hasija</i>	1
Strategies of Biological Control of Soil-borne Plant Diseases - <i>R. Saravanamuthu</i> ,	23
Nitrogen - Fixation : Trends and Prospects - <i>Meenu Saraf</i>	53
VA- Mycorrhiza: Importance and Biotechnological Applications - <i>S.P. Gautam and K. Prasad</i>	83
Ecosystem Dynamics of Mycorrhizae - <i>D.D. Doss and D.J. Bagyaraj</i>	115
Cyanobacterial Inoculants for Sustainability in Rice Cultivation - <i>S.K. Goyal</i>	131
Plant- <i>Azospirillum</i> Association : Reappraisal - <i>Mutum S. Singh, R.R. Pandey and N.I. Singh</i>	143
Survival and Control of <i>Macrophomina phaseolina</i> (Tassi) Goid. - <i>R.C. Dubey and R.S. Upadhyay</i>	169
<i>Fusarium</i> toxins from Cereals - <i>Shashi Chauhan and Sunita Agrawal</i>	191
<i>Fusarium</i> toxins - Secondary Mold Metabolites of Concern - <i>Geeta Sumbali</i>	213
<i>Trichoderma virens</i> : Biocontrol Potential Against Pathogens - <i>V.K. Sharma, Roshan Lal, R.C. Dubey and D.K. Maheshwari</i>	229
Constraints, Development and Future of the Bioinoculants with Special Reference to rhizobial Inoculants - <i>N.K. Arora, V. Kumar and D.K. Maheshwari</i>	241

Molecular Markers in Rhizosphere Microbiology	
- <i>Rashmi Sinha, Reeta Goel, and B.N. Johri</i>	255
Ethanollic Fermentation of Culled Apple Juice	
- <i>S.K. Garg and D.R. Modi</i>	283
New Spectrum of Fungal Infections in Immunocompromised Hosts	
- <i>M.K. Rai and Ajit Varma</i>	299
Advances in Cellulose Biotechnology	
- <i>R.P. Singh and Raj Kumar</i>	321
Wasteland Management via Petroleum Plantations and VAM Technology	
- <i>Sudhir Chandra, Rudal Dubey and H.K. Kehri</i>	343
An Integrated Biotech Approach for the Sustainable Improvement in	
- Agro-forestry Systems	
- <i>Dinesh Goyal, Rajesh K. Sharma, V. Ramamurthy and R.M. Kothari</i> ..	367
Strategies to Employ Algae and Cyanobacteria for Wastewater Remediation	
- <i>Ashish Bhatnagar and Monica Bhatnagar</i>	379
Food Processing Technology : Applications of Immobilized Biocatalysts	
- <i>S.S. Marwaha, P.S. Panesar and Harish Kumar</i>	405
Biotechnology of Feed Preservation	
- <i>Anil Kumar Puniya, Monica Puniya and Kishan Singh</i>	427
<i>Agrobacterium</i> - mediated Gene Transfer in Plants	
- <i>Sandeep Kumar</i>	447
Marker Methods for Ecological Studies of Soil Microorganisms	
- <i>Y.D. Gaur</i>	467
